Brooke Brunner, Principal

Kerri Anderson, Assistant Principal

Dear Members of the Oak Ridge Community,

Date: 6/7/15

The School Public Accountability Report serves two purposes. The first is to inform all of us about the current status of our school in certain key areas such as academic achievement and school safety. The second (and most important) reason for the report is to help us plan for ongoing and continuous school improvement. It is hoped that this report will help to encourage greater parental and community involvement in our school and that those involved will be better informed.

The 2014-2015 School Public Accountability Report (SPAR) for Oak Ridge Elementary is available for viewing in the school office or can be viewed on-line at <http://doeweb-prd.doe.state.fl.us/eds/nclbspar/index.cfm>. This report includes important information about your child's school, including: the composition of the student population, graduation rate, dropout rate, reading, math and science assessments, as well as other important factors. This data provides us the opportunity to reflect upon our accomplishments and set new goals. The School Improvement Plan for our school contained specific goals and objectives that were planned by the faculty and staff with the involvement of our School Advisory Council. These records were used to determine if the school met the goals and objectives described in the annual School Improvement Plan.

Our other goals deal with maintaining a safe, secure, and attractive physical environment and providing the students with an emotionally comfortable, yet challenging academic learning atmosphere. Goals related to these areas were met last year. Academic emphasis on the core content areas of reading, writing, math, social studies and science will remain a priority as well as providing a learning program that builds on each year to reach local and state standards.

Feel free to view a full copy of this report by coming to the school office or via the web, at <http://doeweb-prd.doe.state.fl.us/eds/nclbspar/index.cfm>. If you contact the school, we will send you a copy of the report. If you would like an explanation about any part of this report or more detailed information, please give us a call at 488-3124.

We look forward to the challenges and successes in the school year to come.

Sincerely,

Brooke Brunner
Principal
Oak Ridge Elementary
