Since 2005 School Grades are based on only matched standard curriculum students for calculating percentage of students "meeting higher standards". Results of ESE and LEP students are added to calculate percentage "making learning gains" and "adequate progress".

Since 2005 FCAT Writing scores are calculated by the percentage of students scoring 3.5 and above.

2006-2007 is the first year to include Science and "adequate progress of the lowest 25% for Mathematics" in School Grade calculations.

2007 School Performance Grades are based on the following criteria:

School Grade "A"	School Grade "B"	School Grade "C"	School Grade "D"	School Grade "F"
525 points or more	495-524 points	435-494 points	395-434 points	Fewer than 395 points or
Meet adequate progress (50% or more) of lowest 25% in reading and math	Meet adequate progress (50% or more) of lowest 25% in reading and math within two years	Meet adequate progress (50% or more) of lowest 25% in reading and math within two years	Test at least 90 % of eligible students	Less than 90% of students tested
Test at least 95 % of eligible students	Test at least 90 % of eligible students	Test at least 90 % of eligible students		

NOTE: If a school otherwise graded "C" or "B" does not demonstrate adequate progress for reading and math for two years in a row, the final grade may be reduced by one letter grade.
