

Week 2 (April $6^{th} - 10^{th}$); DUE April $20^{th} - 9:30$

Mrs. Day's Office Hours

You may email me (harringtond@leonschools.net) or send me a text on Remind any time. However, I'll have a "Teams" meeting running and will be there to answer any of your questions (or just say hi ⁽ⁱ⁾) from 1:00 p.m.-3:00 p.m. every weekday. This is when you can expect quick replies to questions/emails, and is when I'll be putting in new grades.

Turning Stuff In

Explained in new video syllabus You may print out this packet, hand-write your responses, take pictures of the pages, and send them to me, OR, you may copy and paste this document into a new Office 360 Word doc., type in your responses, and "Share" those with me via OneDrive(as we've done before with essays).

Week 2 Overview Checklist -

Day 1 - New Video Syllabus + Questions
Day 2 - "How to Email a Teacher"
Day 3 - How to Participate in a Class Chat
Day 4 - My Corona Crisis Journal: Entry 1
Day 5 - Getting & Turning in Assignments

Parent Assignment for Week 1

Watch Mrs. Day's new video syllabus. Email if you have any questions or feedback. As we've practiced in class, if you have trouble with any of these steps, follow "Mrs. Day's Three Steps to Problem Solving."

1) Read the instructions again, closely.

2) Ask a friend or teammate from our class.

3) Ask Mrs. Day*

*If you ask me a question that I have answered on my website, please do not be hurt if I direct you there rather than answering the question again. I want you to learn to solve problems, not solve every one for you.

Day 1/Monday 4/6/20

1. Go to Mrs. Day's YouTube channel (<u>https://www.youtube.com/channel/UC30RF-4_JTCu9jiBOYR8n8w</u>) and watch the NEW video syllabus. This will explain the new "distance learning" ways of work for my class!

2. In the video, I ask you three questions. Write your answers below:

Day 2/Tuesday 4/7/20

 Go to Mrs. Day's school website. The second link (on the left side, in the purple column) will be "How to Email a Teacher." Read that document.
Compose an email like the one described, and send it

to Mrs. Day at <u>harringtond@leonschools.net</u>.

Grading Rubric:

Each of the required elements will be worth one point, for a total of ten.

Day 3/Wednesday 4/8/20

1. Go to Mrs. Day's school website again. The third link on the left will be "How to Participate in a Class Chat" Read that document.

2. Log onto Office 365 **Teams** (from Classlink). Find our class period's team. When you click on our team, you are taken to the "Posts" page. Write something in our group chat! You can reply to a question/comment someone else wrote, OR start your own.

Day 4/Thursday 4/9/20

It's odd to think about, but you're living through a historical event right now. For the rest of your life, you'll talk about what you did in the spring of 2020. I feel like the best thing I can offer you is a place to record your thoughts and feelings at this time.

Today, you're going to write your first entry in your "Covid Crisis Journal." For each journal entry, I'll offer you a prompt and you'll write a paragraph (five-seven sentences) about your experience. You do not have to respond to my prompt if you don't want to. You can, instead, write your entry about *anything* you're experiencing, thinking, or feeling during this crazy time. Full credit will be awarded for a complete, thoughtful paragraph.

Prompt #1 – What has taken up your time over the last two weeks? What have you been doing? Take me through your day, and help me imagine what you've been up to!

Day 5/Friday 4/10/20

Ok, let's practice getting your completed assignments to Mrs. Day! You've already "turned in" Day 2 and 3's assignments. Now what about this packet?

EITHER copy and paste this document into an Office 365 Word doc. and "Share" it with me*, OR take picture of your completed pages and email them to me. You may also bring your completed packet to Cobb!

*If you need a refresher on how to do this, you can watch "Document Creation and Sharing" on the "Videos" section of my school website.

PLEASE give me feedback on this first packet. I need it. Tell me what worked, what didn't work, what you had difficulty with, etc. Your thoughts will help me create the next weeks' packets!
