Dear Parents,

Welcome to another school year! We are looking forward to working with you and your child. Throughout the year we will send home several newsletters (usually electronically) with important information. Please be sure to read each one carefully and share the information with all those involved in your child's education. Together, we can ensure your child has a successful 5<sup>th</sup> grade year!

### Breakfast & Lunch

Breakfast is \$1.00 and lunch is \$2.00. Lunch money sent to school must come in an envelope, labeled with the amount, child's name, teacher's name, and your child's lunchroom account number. (New students will receive this number the first day of school.) **Make checks payable to Killearn Lakes Elementary.** Any other money needs to be in a separate envelope. "Lunch Bunch" will not be available the first week of school. Please keep an eye out for a flyer with specific information about "Lunch Bunch" procedures.

## COMMUNICATION

Please feel free to write a note, e-mail or leave a message at school anytime you have concerns or questions. If your child's method of transportation should change after the school day has started, please call the front office. Voicemails and emails are often not heard/seen until the end of the day. The fifth grade will be communicating with you weekly through your child's Purple Folder. This is an important tool that allows us to monitor your child's progress, both academically and socially. After reviewing the information, please sign it **EVERY WEEKEND** so your child can return it the following Monday. The papers are yours to keep. In addition, we will each have a web page that will be updated periodically with important information about the school year. Another efficient way to get information to you is through the Parent Listserv. To become a member of the school's listserv, go to the school information page and select Parent Listserv.

### Student Planners

Planners will be purchased by the school and given to each student. Lost planners will have to be replaced at the student's/parent's expense. All teachers will expect students to use their planners and keep them up to date with assignments, events, and activities.

### Special Area

We will participate in the following special area activities: Guidance/Media, Art, Music, P.E., and Science. **Every student must be prepared to go to PE on the first day.** Your child's homeroom teacher will send home their special area schedule.

### Volunteer Information

Prior to volunteering here on campus or attending a field trip, you **MUST** fill out the volunteer form online. After submitting your form, you will then need to check with the front office to see if your name is on the approved volunteer list we receive from the county. You **CANNOT** volunteer in a classroom, anywhere on campus or chaperone a field trip until your name has appeared on the approved list. This may take up to a week to get clearance.
