RED FOX REVIEW

Roberts Elementary School
Tallahassee, FL

Welcome to a special edition of the 2019-20 Red Fox Review, the Roberts Elementary student-produced newspaper. We are dedicating this edition of the newspaper to our fifth grade friends whose last year at Roberts did not end the way it was expected, or the way it was wanted. While we miss the things that we weren't able to do (trip to Sea World, luau, celebration ceremony, walk of honor), the weeks and months after spring break brought their own memories. We will always remember, and will always appreciate, the unique and creative methods and activities that our teachers used to enable us to continue to learn...and to have a good time! We'll never forget the special parade where our teachers drove through neighborhoods with decorated cars and honking horns. We'll never forget ZOOMing and TEAMing with our class. We are also impressed with our parents who stepped in to be our at-home teaching assistants. They are pretty amazing, and we appreciate them!

So, with this edition of The Red Fox Review, we want you to enjoy the memories of this year...our forever friends, our awesome teachers, and the many fun events, programs and activities that we were able to enjoy. Yes, we will certainly never forget this unusual year. Red Foxes are respectful, responsible...and resilient!!

Messages from your Red Fox Family

To my spectacular 5th grade class of 2020,

What an amazing elementary experience you have had right down to the last few months. It has been an honor and privilege to have been your elementary principal and to have known many of you since kindergarten, some of you as far back as pre-K. Your sweet little faces will be etched in my memory as you walked through our corridors during kindergarten orientation holding your mom's and dad's hands. Now you prepare to take the next step in your education journey as you bridge into middle school and begin your secondary school experience. I am proud of you and confident that each and every one of you are prepared to reach all of your academic goals and to fulfill dreams of your social and athletic ones as well. Make us proud by being kind and considerate of others and always showing empathy to your fellow students. We have taught you to be a good friend and a good citizen. Carry UMOJA into your middle school and show them all what being UNITED really means. I will miss all of you and look forward to seeing many of you volunteer on our campus next year. Remember, "Once a Red Fox, Always a Red Fox"!

Love,
Mrs. McFarland

To my sweet fifth graders,

Wow, what a special place you have in my heart and have had for the past two years. How lucky I was to be able to be your teacher for both fourth and fifth grades. So many memories have been made together that range from class parties, room transformations, and singing to EPCOT, break out games and GBNF. What great things to reflect back on as you leave Roberts!

Each of you brought something special to our class; everyone was different and you respected that. I loved your welcoming and caring hearts. You all included everyone in our class, you made them feel special and that is not just me saying this. I constantly had adults telling me how kind our class was to everyone...for that I would beam with pride! Please keep that wonderful quality of including everyone as you enter your middle school years.

As we close out your journey at Roberts, I know it did not end the way we had planned and honestly, I could never even imagine that we would be in this situation. But guess what, you all rocked it and faced distance learning with a smile and determination! You worked hard for both your parents and your teachers. You all deserve a "rock star" award because even in a tough, ever changing situation you didn't give up, you kept working and learning and that included learning TEAMS and becoming quite good at using Zoom!

So as we end our year, please remember, as I have told you for the past two years, YOU are special and YOU are loved. Please keep in touch and let me know how you are doing because once a Doddy, always a Doddy! Go to middle school and work hard, have fun and spread your kindness, sweet friends!

Love,
Mrs. Gaddy

I can not believe that this journey has come to an end. You all have been the greatest group of students to teach. I am honored to have been able to be your teacher for the past two years. It has brought me so much joy. I know this year didn't end the way we wanted, but I am beyond impressed with how you all have handled it with such grace and perseverance. You all hold a very special place in my heart and always will! Love ya, mean it!!

Mrs. Doss

I could not be any more proud of the way you have handled all of these unforeseen circumstances. This is not how we wanted our year to end, but your positive attitude, hard work and determination to do well got you through it all. Each and every one of you have been a delight to teach and I am so happy I was able to spend two incredible years with you. You will do amazing things!

Love you always,
Mrs T.

I am proud of each and every one of you! This year started out promising to be one you would never forget, and it ended in a way no one would have ever expected. Your resilience and perseverance is impressive and I can't wait to see what the future holds for each of you!

Love,
Mrs. Tomlinson

To my sweet Manuphens,

From our first days together in fourth grade, I knew you were going to be a special group of students. There is just something special about the mix of you all--your personalities, your work ethics, your competitive natures, and your huge hearts. You are an exceptional group of students and people, and a huge part of all of you will live in my heart forever. I have loved every minute of being your teacher for the past two years, and I will be forever grateful that I got the chance to spend this precious time with you. We have laughed (a lot), weathered a few storms, and learned so much together. Those lessons have been both academic ones, as well as many important life lessons. Those are the ones that I truly hope you will carry with you forever, long after you leave the gates of Roberts for the last time.

I know that this year has not ended the way that we imagined or wanted, but I do hope you know that this in no way reflects on you, your effort, or the year we have shared. Nothing could take away or diminish the hard work you have put in, the sweet way you have cared for one another and your teachers, or the countless memories we have made together. All of you will go on to accomplish great things, in your own unique, special ways. And I will be happy to be able to tell people that for two very special years, I was your teacher.

Love you! Mean it!
Your #1 Fan,
Mrs. Stephens

You started as my first class
While for you, mine was your last
Your Elementary years have ended
But man, that went by fairly fast!

I can't imagine a better group
To graduate from my room
Now you know you'll never be too far
To set aside time to zoom!

And while it's closing time for you here at
Roberts

It might be sad to say goodbye
Just know that you've left footprints behind
And woven memory knots that can't untie

You will always be remarkable
As your future continues to transcend
For every new beginning comes
From some other beginning's end
With admiration and the absolute
fondness of memories,
Ms. Manu

Although this was not the way we anticipated the end of the year to go, I'm amazed at how well you have handled the transition. Your sense of humor, amazing work ethic, and response to the unexpected shows that you are more than ready for middle school. You will always have a special place in my heart ♥

Love ya, mean it!
Mrs. B.

Love,
Mrs. Meyer

I cannot believe that the time has come to see you move on to your next adventure in this big, wonderful world. I have known you and watched you grow and change through the years like a beautiful tree! It has been a great pleasure to have taught you and to have had you teach me!!

The famous painter Pablo Picasso said "Every child is an Artist. The problem is how to remain an artist once we grow up."

So I say to you, as your art teacher, "Don't just look at a rainbow, paint it; don't just smell a flower, draw it; don't just sit under a tree, sculpt it; and don't just listen to a song, but dance to it!"

I will miss you but I know that you will be a success and make us proud!

So, as I keep you in My Heart, keep Art in yours 

Love and Best Wishes,
Mrs. Debi Menacof

 Mrs.Hull

Dear 5th Graders,

I am grateful for the chance to say goodbye and good luck to your special 5th grade class. I taught so many of you the last 2 years, and even back in 1st or 2nd grade in homeroom or reading groups, or I have coached you in Mini Mu. Through all of these years, we have made many wonderful memories and I thank you for making my job so enjoyable. Here is a quote I found that I want to share.

Behind you, all your memories.

Before you, all your dreams.

Around you, all who love you.

Within you, all you need.

~Author Unknown

Good luck and best wishes for a life filled with learning and joy!

Love and virtual hugs,

Mrs. Douglas

I know the year did not end how we all hoped and expected it to, but all of the missed celebrations do NOT take away from the strength, talent, and heart of your 5th grade class. I am beyond proud of each and every one of you who faced challenges this year, whether academic, athletic, or when dealing with friendships.

You all just made it through another challenge, that the world has never faced, until now.

You had to learn new ways of schooling, at the drop of a hat- no one prepared you, there was no manual, and you all STEPPED UP to the challenge.

You are resilient, and this will serve you well as you continue on to middle school.

Don't forget our lesson about how to "bounce back" when we face tough situations- you have so many tools in your toolbox!

I know you all will go on to do amazing things, and I can't wait to hear about it!

(That means don't be stranger, and come see us!:))

Happy Summer and Cheers to all your accomplishments!!

~ Mrs. Mayo

Dear Fifth Graders,
Can you believe this moment has come?
This is a time that you always remember for many reasons. Roberts has been such a huge part of your life and we will miss you! Do your best, keep moving forward, but do come back to see us!

Love,
Ms. Homme

Dear 5th Grade Class of 2020,
You will always be a very special class in my heart. You were my 1st group of Kindergarten students at Roberts! I was nervous and excited about changing grades, and you and your families made it the BEST year! Keep in touch - I can't wait to hear about the great things you will do in middle school and beyond!

Much love,
Mrs. McGrane

Wishing you all the success and wonder that middle school can give!
Congratulations on moving on to another milestone in life!

Love,
Mrs. Harry
