Camp Descriptions

A Very Pinstesting Camp – Come and stretch your creativity as we produce a variety of crafts to decorate your rooms or gift to someone! There will be glue, there will be color, there will be glitter, and most importantly, there will be fun!

Basketball – This camp focuses on total player development. Instruction will cover the fundamentals of basketball (footwork, dribbling, shooting, and defense). Additional focus on the mental aspects of the game: developing self-confidence and maintaining a positive attitude. Campers will have the opportunity to showcase their new skills while playing scrimmage basketball games!

Brain Games – Exercise Your Brain! Test Your Smarts! Compete and Win! Join us for games that make you think. Activities may include: Scrabble, Chess, Risk, Farkle, Head-Band, mediation, memory games, team quiz bowls, and much, much more. Are you up for the challenge?

Camp Cyberspace – Uses digital citizenship lessons to prepare students to take ownership of their digital lives. Five core topics: media balance, privacy and security, digital footprint, relationships & communication, and cyberbullying. Students will be able to think critically and develop the habits of mind to navigate digital dilemmas in their everyday lives. Phones are not required. Bring your smile, positivity, and your Tik-Tok dance moves.

Cheer Camp – B-U-C-K-S – Let's Go Bucks! Join us this summer to expand on your cheer knowledge, improve skills, and familiarize yourself with proper cheer techniques. Beneficial for those who may try out for the upcoming school year. No experience required.

Math Academy – Campers will be given the opportunity to have an individual study of Pre-Algebra, Algebra I, Geometry, or Algebra II in a relaxed atmosphere with friends or work with the math competition group. This camp is geared towards students going into grades 6-9 who would like to get ahead for their next math class or prepare for math competitions. Camp instruction will given by Deerlake's award-winning certified math teachers!

MS Orientation (6th Grade) – Are you ready to Escape into the Sixth Grade?? To ensure you are prepared, come to orientation camp! We will get you ready for multi-classes & teachers, navigating the 6th grade CANVAS platform, review responsible digital citizenship and introduce you to the 6th grade teachers. During this camp, you have a chance to meet new classmates and develop new friendships, while participating in games and campus scavenger hunts. The end of the week *Escape Room* is a MUST DO for all upcoming 6th graders!!

MVP Sports Zone – This camp is an all-sports camp that is perfect for the athlete who enjoys a variety of sports and recreational games. Campers are taught skills and given the opportunity to compete in a variety of sports such as soccer, basketball, flag football and more, while also enjoying some favorite recreational games. It's a great way for students to not only meet our DMS coaches, but enjoy high paced, non-stop fun during the summer! Not only will students be exposed to various sports and skills, but the week will also be filled with the emphasis on sportsmanship, playing with character, and intentional small group.

STEM Camp – This camp will blend rocket making and solar energy together! Campers will construct the body tube, nose cone, fins, parachute, and motor housing to make rockets from scratch and construct solar cars, solar houses, and solar ovens using energy from the sun. Let's get those creative minds flowing!

Tackle Football – This camp focuses on total player development. Instruction will cover the fundamentals of football (footwork, blocking, routes and catching). Additional focus on the mental aspects of the game: developing self-confidence and maintaining a positive attitude. Campers will have the opportunity to showcase their new skills while playing scrimmage football games!

Volleyball – Athletes will focus on growing the basic volleyball skills of: passing, setting, hitting, and serving. These skills will be enhanced by many different drills, interactive games, and competitions. This camp is designed for all girls who may be interested in trying out for a volleyball team.
