Assignments will be given in class daily and are due for a grade the following day. It is the responsibility of the student to get missed assignments when absent. Please make an effort to be in attendance and on time every day! If you are absent, please refer to my Canvas page for make-up work. You may also wish to email me that morning. If GoMath pages are misplaced, they can be reprinted from the MyHRW tile through Classlink.

There will be at least 3 tests and frequent quizzes throughout the grading period. There will be no retakes on quizzes. Cheating on any test, quiz, or assignment will result in a zero for all parties involved. Before school help will be available Tuesday-Friday in my room and Monday morning in the auditorium.

LEARNING EXPECTATIONS

Math is a subject that is learned through practice; therefore, daily assignments are required and students are expected to attempt every problem. In order to evaluate the student's level of understanding, and correct errors, all steps must be shown, including mental calculations. Students are responsible for seeking extra help as needed.

CLASSWORK PROCEDURES

- Use pencil!
- Write your full name (first and last!), period, date, and assignment number in the top right corner of the paper.
- Show all work neatly and circle or highlight the answer.
