What is it?

Remind is used to communicate **with parents** through one-on-one messaging or whole-class announcements.

ClassLink is used to access **student** online apps and resources.

Teams is our virtual classroom platform. **Students** can chat with their teachers during their office hours, access classroom assignments, and more.

Phone/Tablet Instructions

1. Download from app store.
2. Create your own login.
3. Connect with each of your child's teachers using their unique class code.
4. Begin receiving class announcements and/or messaging your child's teachers one-on-one.

1. Download from app store.
2. Select "Sign in with ADFS"
3. Login using your child's email (studentID@edu.leonschools.net) and their lunch pin number.
4. Select the resource you are trying to access.

1. Download from app store.
 2. Login using your child's email (studentID@edu.leonschools.net) and lunch pin.
- Students will be able to access "teams" for each of their teachers.
