Online applications available this summer:

District-provided Resources

These resources are purchased and/or configured at the district level. They are available through the end of June. Beginning July 1, the district will need to pull these resources offline to begin district setup for the next school year. Log in to these resources through ClassLink:

**iReady Student/Teacher**

AR BookFinder

myON (OAuth2)

myON is an eBook library provided my Renaissance Learning, the same company that makes Accelerated Reader. We do not recommend taking AR quizzes over the summer, in case you want to reread these books and earn points for them during the school year. Instead, you may want to set up your own incentive program to celebrate your child's success reading and completing books, and talk about the content of the books with your child to help build their comprehension skills.
