

The IB seeks to create environments in which learners want to become:

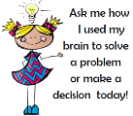

Inquirer

Knowledgeable

Thinker

Balanced

Communicator

Principled

Open-Minded

Caring

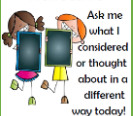

Courageous

Risk-Taker

Reflective

What is IB?

The International Baccalaureate (IB) strives to develop students who will build a better world through international understanding and respect.

The IB's programmes:

- encourage students of all ages to think critically and challenge assumptions
- encourage students of all ages to consider both local and global contexts
- develop multilingual students.

What is the PYP?

The Primary Years Program (PYP) provides a curriculum framework of 5 Essential Elements:

Knowledge: content in math, language, social studies, science and the arts

Concepts: important ideas that have universal significance regardless of time or place within and across disciplines. Concepts are presented in the forms of questions that drive the inquiry.

Skills: specific capabilities in thinking, social interactions, communication, self-management, and research

Attitudes: dispositions, values, beliefs and feelings towards learning

Action: making changes to and in the world
