SECTION 2: Scope of Work

2.1 Background

The District and the School Board are created under Article IX, Section 4, of the Constitution of the State of Florida. The School Board is an independent taxing and reporting authority responsible for the operation, control, and supervision of all free public schools within the school district, subject to the Florida K-20 Education Code, Chapters 1000 – 1013, F.S. The Board consists of five (5) elected officials responsible for, among other things, the adoption of policies that govern the operation of District public schools. The elected Superintendent of Schools is responsible for the administration and management of the schools within the applicable parameters of state laws, State Board of Education Rules, and School Board policies.

The District provides a standard, traditional curriculum to a student body of approximately 31,000 students ranging from pre-kindergarten through the 12th grade. The District also provides adult education at several facilities during regular and non-school hours. In addition to the standard curriculum, the District offers a variety of specialized technical training programs for the higher-grade levels.

2.2 Procurement Overview

The District desires to receive Replies from qualified Respondents for a turnkey solution for a School Bus Infraction Detection System. The District currently utilizes approximately 154 buses on 93 routes, transporting more than 8,960 students to and from school, and driving more than 3,275,980 annual miles to 3,533 locations.

Florida law prohibits a vehicle from overtaking or passing a stopped school bus that is displaying its stop signal. It subjects violators to a civil fine for a violation of Florida Statute §316.172 (1)(a) or (b). Florida Statute 316.173 authorizes school districts to install and operate a school bus infraction detection system on school buses for the purpose of enforcing Florida Statute §316.172 (1)(a) or (b). The school district's decision must be based solely on the need to increase public safety.

Per § 316.173(1)(b), Florida Statutes, the school district may contract with a private vendor or manufacturer to install a school bus infraction detection system on any school bus within its fleet, whether owned, contracted, or leased, and for services including, but not limited to, the installation, operation, and maintenance of the system. An individual may not receive a commission from any revenue collected from violations detected through the use of a school bus infraction detection system. A private vendor or manufacturer may not receive a fee or remuneration based upon the number of violations detected through the use of a school bus infraction detection system. The vendor's compensation may not be based on the number of violations detected. The compensation received by the vendor may, inter alia, correlate or relate to the volume of processing work required such as creating video evidence packages, mailing law enforcement approved tickets, services and maintenance of equipment, payment processing, and account reconciliation.

Each school bus infraction detection system must meet the requirements of § 316.173 (18): A school bus infraction detection system must meet specifications established by the State Board of Education and must be tested at regular intervals according to specifications prescribed by state board rule.

Concurrently, the District also desires interior school bus cameras capable of real-time monitoring as well as GPS tracking of school buses.

2.3 Contract Term

This project is contingent upon Board approval and funding availability. If approved, the expectation is for a fully operational system to be implemented on or before August 1, 2026, with the expected Contract terms and options to renew as follows:

Description	Time Period
Initial Term	Three (3) years
Optional Renewal Term(s)	Up to three (3) years or portions thereof
Maximum Term	Six (6) years
Contract Extension (if needed)	180 Days or portions thereof

2.4 Compensation

The District is seeking a solution that will provide optimal efficiency enhancing and providing funds for public safety. As part of the best value determination, interested Vendors must submit a Cost Reply, utilizing Attachment I, Cost/Revenue Share Reply, along with their Technical Reply. Vendors are encouraged to submit a Cost Reply in such a manner as to offer the most competitive and innovative solution for services and resources, as this will be a consideration in determining the best value. Vendors must provide the Cost Reply per the instructions in Section 3.2.

To ensure the District obtains services at the best value, the Board reserves the right to consider alternate pricing models or service offerings during the negotiation phase of the ITN process. A Vendor may propose innovative solutions or alternate pricing models **(excluding dollar amounts)** in TAB E of their Reply.

2.5 Goals and Objectives

- a. To increase public safety through the establishment of a school bus infraction detection system.
- b. To utilize current interior school bus cameras (Seon) if capable or provide replacements of all currently utilized interior cameras with real-time access, and connectivity to a panic button for bus drivers to notify Safety and Security of on-board incidents.

- a. For calculation purposes, an estimated number of infractions and a potential civil penalty amount per infraction are provided.

3.3 Reply Evaluation and Negotiation Process

The ITN process is used to determine the best method for achieving a specific goal or solving a particular problem and identifies one or more responsive Respondents with which the District may negotiate to receive the best value.

This process involves two (2) phases, the Evaluation Phase and the Negotiation Phase. After Replies are received, responsive Replies will be reviewed using the Evaluation Criteria/Scoring Guidelines by an Evaluation Team designated by the District. Cost Replies will be evaluated by the LCS Procurement Officer. Scores will be combined, establishing the Respondent's overall score (including the Technical and Cost Score). The overall scores will be reviewed to establish a competitive range of Replies reasonably susceptible of an award. The District, at its sole discretion, will determine which of those Respondents, if any, with which to proceed to the Negotiation Phase. After negotiations are conducted, the Board will award the contract to the Responsible Respondent who it determines will provide the best value to the Board, based on the Selection Criteria in this ITN.

a. Evaluation Phase Methodology

The designated Evaluation Team members will individually and independently review each Reply and evaluate each Reply on each of the following Technical Evaluation sections per the established criteria.

Technical Evaluation Section	Available Points (scored by Evaluators)	Weight	Weighted Available Points
Profile and Submittal Letter	1-5	5%	25
Prior Work Experience	1-5	15%	75
Description of Solution	1-5	20%	100
Service Area Detail	1-5	25%	125
Additional Ideas for Improvement	1-5	25%	125

References	1-5	10%	50
TOTAL		100%	500
Scored by Procurement Officer			
Cost/Revenue Share Reply			25

Evaluation Team members will assign a score of 1–5 (using **no fractions or decimals**) to each Technical Evaluation Section. The Evaluation Team members must include a written comment justifying any score other than 3 (adequate). The table below provides scoring guidelines to be used by Evaluation Team members when allocating Technical Evaluation points:

Assessment	Scoring Guidelines	Evaluator Score
Poor	Reply fails to address the component or it does not describe any experience related to the component; OR Reply is inadequate in most basic requirements, specifications, or provisions for the specific criteria.	1
Marginal	Reply minimally addresses the requirements; one or more major considerations of the component are not addressed, or are so limited that it results in a low degree of confidence in the Respondent's response or proposed offering; OR Reply meets many of the basic requirements specifications, or provision of the specific items, but is lacking in some essential respects for the specific criteria.	2
Adequate	Reply adequately meets the minimum requirements, specification, or provision of the specific item, and is generally capable of meeting the District's needs for specific criteria.	3
Good	Reply more than adequately meets the minimum requirements, specification, or provision of the specific criteria, and exceeds those requirements in some respects for the specific criteria.	4
Excellent	Reply fully meets all requirements and exceeds several requirements, and exceeds the minimum requirements.	5

The Technical Evaluation scores received from each Evaluation Team member will be multiplied by their assigned weight. For each Respondent's Reply, their Technical Reply scores from all Evaluation Team members will be averaged to obtain the Respondent's weighted Final Technical Evaluation Score. The District will combine the Respondent's Final Technical Reply Score and the Respondent's Final Cost Reply Score to determine the Respondent's Final Evaluation Score.

The Final Evaluation Scores for all Respondents will be used to rank the Replies (Reply with the highest score = 1, the second-highest = 2, etc.). The ranking of Replies will be used to establish a competitive range to determine which Respondents may be invited to participate in the Negotiation Phase. At the District's determination, Responsive Respondent(s) will be invited to the Negotiation Phase based on their Final Evaluation Scores. Respondents are cautioned to propose the best possible offers in their

initial Replies, as failing to do so may result in the Respondent not being selected to proceed to the Negotiation Phase.

b. Negotiation Phase Methodology

The District reserves the right to negotiate with any or all responsive and responsible Respondents, consecutively or concurrently, to determine the best value for a recommendation of award. During the Negotiation Phase, the District reserves the right to exercise the following rights. This list is not exhaustive.

1. Schedule additional negotiation sessions with any or all Responsive Respondents.
2. Require any or all Responsive Respondents to provide additional revised or final written Replies addressing specified topics.
3. Require any or all Responsive Respondents to provide a written Best and Final Offer (BAFO).
4. Require any or all Responsive Respondents to address services, prices, or conditions offered by any other vendor.
5. Pursue a Contract with one or more Responsive Respondents for the services sought in this ITN and any addenda thereto, and request additional, revised, or final BAFOs.
6. Pursue the division of Contracts between Responsive Respondents by service type.
7. Arrive at an agreement with any Responsive Respondent, finalize principal Contract terms with such Respondent, and terminate negotiations with any or all other Respondents.
8. Decline to conduct further negotiations with any Respondent.
9. Re-open negotiations with any Respondent.
10. Take any additional administrative steps deemed necessary in determining the final award, including additional fact-finding, evaluation, or negotiation when necessary and consistent with the terms of this solicitation.
11. Review and rely on relevant information contained in the Replies received from any Respondent.
12. Review and rely on relevant portions of the evaluations conducted.
13. Reject any and all Replies if the District determines such action is in the best interest of the District.
14. Negotiate simultaneously or separately with competing Respondents.
15. Accept portions of a competing Respondent's Reply and merge such portions into one project, including contracting with the interested entities offering such portions.
16. Utilize subject matter experts, subject matter advisors, and multi-governmental entities advisors to assist the Negotiation Team.
17. Visit a site where the Respondent is currently providing goods or services, with or without inviting the Respondent to participate.

The District has sole discretion in deciding whether and when to take any of the foregoing actions, the scope, and manner of such actions, the Responsive Respondent(s) affected, and whether to provide concurrent public notice of such decision(s).

Before award, the District reserves the right to seek clarifications, request Reply revisions, and request any information deemed necessary for proper evaluation of Replies. Respondents that proceed to negotiations will be required to make a presentation/demonstration and may be required to provide additional references, an opportunity for a site visit, etc. The District reserves the right to require attendance by particular representatives of the Respondent. Any written summary of presentations or demonstrations provided by the Respondent shall include a list of persons attending on behalf of the Respondent, a copy of the agenda, and copies of all visuals or handouts, and shall become part of the Respondent's Reply. Failure to provide requested information may result in rejection of the Reply.

As part of the negotiation process, the District will review references as described in Section 3.2, a., and assess the extent of success of the projects associated with those references. The District also reserves the right to contact references provided, or not provided by the Respondent. Respondents may be required to provide additional references. The results of the reference checking may influence any final negotiations and selection of the Respondent.

In the Negotiation Phase, the Respondent's negotiators will meet with the District's designated Negotiation Team to negotiate rates/pricing/costs and Contract terms and conditions, as applicable to the services being procured through this ITN. The focus of the negotiations will be on achieving the solution that provides the best value to the District, based upon the Selection Criteria listed below, and satisfies the District's primary goals as identified in Section 2.5 of this ITN.

By submitting a Reply, a Respondent agrees to be bound to the terms of Section 4 – Contract Terms and Conditions. Respondents should assume these terms will apply during the Contract term, but the District reserves the right to negotiate different terms, requirements, or compensation models, pricing, and conditions if the District determines that it provides the best value to the District or its Members.

c. Selection Criteria:

1. The Respondent's articulation of its overall approach to providing the requested services;
2. The innovation of the Respondent's approach to providing the services;
3. The Respondent's articulation of its innovative solution and its ability to implement and execute that solution to meet the goals and objectives of this ITN;
4. The Respondent's demonstrated ability to provide comprehensive quality services cost-effectively and affordably;
5. The Respondent's experience in providing the services being procured and the maturity of its solution and offering;
6. How the Respondent's approach satisfies the goals identified herein; and
7. The value of the Respondent's proposed rates/pricing and any offered Value-Added Services.

d. Final Selection and Notice of Intent to Award

After the Negotiation Phase, the District will issue a written Request for Best and Final Offer(s) (RBAFO) to one or more of the Respondents with which negotiations were held.

At a minimum, based upon the negotiation process, BAFOs must contain:

1. A revised Description of Solution;

2. All negotiated terms and conditions; and
3. A final Cost/Revenue Share Reply.

Each BAFO will be submitted to the District for review by the Negotiation Team. Thereafter, the Negotiation Team will meet in a public forum to determine which Offer constitutes the best value to the District, based upon the Selection Criteria. The District's Negotiation Team will then develop a recommendation of an award that will provide the best value. In so doing, the Negotiation Team is not required to score any Respondent's BAFO but will base their recommendation on the foregoing Selection Criteria. The score from the Evaluation Phase will not carry over into the Negotiation phase, and the Negotiation Team will not be bound by any Evaluation Phase Scores. The Procurement Officer will prepare a report to the Leon County School Board regarding the recommendation of the Negotiation Team.

The District does not anticipate re-opening negotiations after receiving BAFOs but reserves the right to do so if it is in the best interest of the District.

The Notice of Recommended Award shall be publicly posted and the Negotiation Team will send its recommendation to the Board. The Board will make the final award decision based on the Selection Criteria, taking into consideration the award recommended by the Negotiation Team.

3.4 Advertising Notice of Board Decision

A Contract will be awarded to the Responsive and Responsible Vendor who receives the highest Final Score, considering price and other requirements as set forth in Section 3.3. The District reserves the right to award one (1) or more Contracts, in whole or in part, for the services sought in this ITN. The District reserves the right to accept or reject any and all offers or separable portions and to waive any Minor Irregularity, technicality, or omission if the District determines doing so will serve the best interest of the Board.

As in any competitive solicitation, the Board shall advertise a public notice of Board Decision when the Board has decided on the outcome of the solicitation, including, but not limited to, a decision to award a Contract(s), reject all Replies, or to cancel/withdraw the ITN.

The Notice of Board Decision will be advertised on or about the date shown in the Timeline and will remain posted for a period of 72 hours (Saturdays, Sundays, and District holidays shall be excluded in the computation of the 72-hour period).

3.5 No Prior Involvement and Conflicts of Interest

Any Respondent who participated through decision, approval, disapproval, recommendation, preparation of any part of the purchase, influenced the content of the solicitation, rendered advice, investigated, audited, or served in any other advisory capacity is ineligible to participate in this solicitation.

Additionally, no Respondent shall compensate in any manner, directly or indirectly, any officer, agent, or employee of the District for any act or service which he/she may do or perform for, or on behalf of, any officer, agent, or employee of the Respondent. No officer, agent, or employee of the District or Board shall have any interest, directly or indirectly, in any Contract or purchase made, or authorized to be made, by anyone for, or on behalf of, the Board. The Respondent shall have no interest and shall not acquire any interest that shall conflict in any manner or degree with the performance of the services required under this ITN.

Certification and acceptance of this provision is incorporated in Attachment II, Required Provisions Certification.

3.6 Confidentiality, Proprietary, or Trade Secret Material

The District takes its public records responsibilities as provided under Chapter 119, F.S., and Article I, Section 24 of the Florida Constitution very seriously. If the Respondent considers any portion of the documents, data, or records submitted in Reply to this solicitation to be confidential, trade secret, or otherwise not subject to disclosure under Chapter 119, F.S., the Florida Constitution, or other authority, the Respondent must also simultaneously provide the District with a separate redacted copy of its Reply and briefly describe in writing the grounds for claiming exemption from the public records law, including the specific statutory citation for such exemption. This redacted copy shall contain the District's solicitation name, number, and the name of the Respondent on the cover and shall be clearly titled "Redacted Copy." The redacted copy shall be provided to the District at the same time the Respondent submits its Reply to the solicitation and must only exclude or redact those exact portions that are claimed confidential, proprietary, or trade secret. The Respondent shall be responsible for defending its determination that the redacted portions of its Reply are confidential, trade secret, or otherwise not subject to disclosure. Further, the Respondent shall protect, defend, and indemnify the District for any and all claims arising from or relating to the Respondent's determination that the redacted portions of its Reply are confidential, proprietary, trade secret, or otherwise not subject to disclosure. If the Respondent fails to submit a Redacted Copy with its Reply, the District is authorized to produce the entire documents, data, or records submitted by the Respondent in answer to a public record request for these records. In no event shall the District, Board, or any of its employees or agents be liable for disclosing or otherwise failing to protect the confidentiality of information submitted in Reply to this solicitation.

SECTION 4: Contract Terms and Conditions

4.1 Contract Modifications

During the term of the Contract, the District may unilaterally require changes (altering, adding to, or deducting from the specifications) provided such changes are within the general scope of this solicitation. The Contractor may request an equitable adjustment in the price(s) or delivery date(s) if the change affects the cost or time of performance. Such equitable adjustments require a formal contract amendment. The District shall provide written notice to the Respondent 30 days before any Department-required changes to the technical specifications and/or scope of service that affect the Respondent's ability to provide the service as specified herein. Other than purely administrative changes, any changes will require a written change order or formal Contract amendment.

The District will authorize additional services on an individual basis. The District would jointly determine a "not to exceed" price for each additional project using the contractually established hourly rates with the Contractor.

4.2 Use by Other Public Agencies

Pursuant to their own governing laws and subject to the Contractor's agreement, other entities may be permitted to make purchases at the terms and conditions contained herein. Any such purchases are independent of the agreement between the District and Contractor, and the District shall not be a party to any transaction between the Contractor and any other purchaser.

The District hereby notifies interested parties that the Florida Department of Management Services purchasing agreements and state term contracts have been reviewed for the goods and services contemplated by this solicitation, and the District has determined conducting our own solicitation is in our best interest.

4.3 Travel Expenses

The District shall not be responsible for the payment of any travel expenses incurred by Respondents due to this ITN or Contract.

4.4 E-Verify

Per Executive Order 11-116, "The provider agrees to utilize the U.S. Department of Homeland Security's E-Verify system, <https://e-verify.gov/employers>, to verify the employment eligibility of all new employees hired during the contract term by the Provider. The Provider shall also include a requirement in subcontracts that the subcontractor shall utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term." Contractors meeting the terms and conditions of the E-Verify System are deemed to comply with this provision.

Beginning January 1, 2021, every public employer, Contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, Contractor, or subcontractor shall not enter into a contract unless each party to the contract registers with and uses the E-Verify system per Section 448.095, F.S.

4.5 Subcontracts

The Contractor may, only with the prior written consent of the District, enter into written subcontracts for the delivery or performance of services as indicated in this ITN. Anticipated subcontract agreements known

at the time of Reply submission must be identified in the submitted Reply using Attachment VII, Subcontracting Form. If a subcontract has been identified at the time of submission, a copy of the proposed subcontract must be submitted to the District. No subcontract, which the Contractor enters into concerning the performance of any of its functions under the Contract, shall in any way relieve the Contractor of any responsibility for the performance of its duties. All subcontractors, regardless of function, providing services on District property shall comply with the District's security requirements, as defined by the Board, including background checks, compliance with Board Policy 2.021, the Jessica Lunsford Act, and all other Contract requirements. All payments to the subcontractor shall be made by the Contractor.

If a subcontractor is utilized by the Contractor, the Contractor shall pay the subcontractor within seven (7) working days after receipt of full or partial payments from the District, per Section 287.0585, F.S. It is understood and agreed that the District shall not be liable to any subcontractor for any expenses or liabilities incurred under the subcontract and that the Contractor shall be solely liable to the subcontractor for all expenses and liabilities under the Contract. Failure by the Contractor to pay the subcontractor within seven (7) working days will result in a penalty to be paid by the Prime Contractor to the subcontractor in the amount of one-half ($\frac{1}{2}$) of one percent (1%) of the amount due per day from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen percent (15%) of the outstanding balance due.

4.6 Background Screening Requirements/Jessica Lunsford Act

Florida Statutes contain certain fingerprinting and screening requirements pertaining to all persons or entities entering into contracts with Schools, School Boards, School Districts, and Charter Schools who may have personnel who will be on school grounds when students may be present. All contractor staff must successfully pass a Level 2 background screening. Any individual who fails to meet the statutory requirements shall not be allowed on school grounds. Failure to comply with the statutory requirements will be considered a material default of this Contract.

The Contractor shall bear all costs associated with background screening.
