**This Addendum provides the Board's written answers to the timely written questions received.**

Question	Answer
On page 11 of the ITB, in section 2.2 Procurement Overview/Requirements, it states, "The work of this project is to be substantially completed no later than June 30, 2025." Is there a schedule in mind? When can the work start? Does it matter how many rooms are completed per day or which rooms are completed first? Or, can we have materials ready and complete in an order we prefer with making certain the project be substantially completed no later than June 30th?	The awarded Contractor may begin work after receiving a District purchase order. The District Project Manager will coordinate access and timelines with the awarded Contractor to ensure substantial completion by June 30 <sup>th</sup> is accomplished efficiently.
