April 30, 2026 (11:59 p.m. ET) is the deadline for: AP Seminar and AP Research students to submit performance tasks as final and their presentations to be scored by their AP Seminar or AP Research teachers. AP Computer Science Principles students to submit their Create performance task as final.			Please note: AP coordinators should order late-testing exams for students who would like to take exams that are scheduled for the same time. Schools in all locations must begin the morning exam administration between 8 and 9 a.m. local time and the afternoon exam administration between 12 and 1 p.m. local time. Late Testing Note: Occasionally, circumstances make it necessary for students to test late. To preserve the security of AP Exams, alternate versions of the exams are used for late testing. All students who participate in late testing at a given school must take these alternate exams on the scheduled late-testing dates at the scheduled times.
