(No classes the week of July 2<sup>nd</sup>)

8:00 a.m. – 3:30 p.m.

**Free for High School Students**

Student will earn TWO high school credits:  
Basic Healthcare Worker (HSC0003)  
Phlebotomist (MEA0520)

*Courses are offered through dual enrollment with Lively Technical College. Courses are weighted at the AP level.*

Phlebotomists are employed in blood banks, hospitals, clinics and other medical facilities drawing blood from patients in preparation for medical testing. The program focuses on the skills and knowledge necessary to gain employment as a Phlebotomy Technician in a healthcare facility.

The healthcare field is a growing industry, and being a part of that field includes caring for people and their health. Phlebotomy can also be the first step as a health care professional.

Upon successful completion of the Phlebotomy Technician program, students will be prepared to sit for the required examination before the National Healthcare Association and begin the search for employment within the industry.

Our course curriculum includes textbook lecture and in-depth instruction in the following areas:

- Necessary skills required to perform venipuncture
- Safety and infection control
- Patient communication and education
- Law and ethics
- Transitioning from Student to Employee

\*Enrollment limited to 30 students.
