Leon County Schools Gifted Identification Process

Step One	Step Two	Step Three	Step Four	Step Five	Outside Evaluation	Out of county, state, or country
Teacher recommends student for gifted screening. Parents can request as well, but should discuss with classroom teacher.	Parent Consent is obtained and screening process begins: Behavioral Characteristics of Gifted Checklist and KBIT2R (Kaufman Brief Intelligence Test, 2nd Edition Revised).	Students who meet the minimum score on both screeners will move forward for a full scale formal evaluation. This will be administered by a LCS school psychologist.	After the formal evaluation is complete, the gifted team will meet to review results and detemine eligibility. Formal instruments: RIAS 2 WISC V	Students who are found eligible for gifted identification will have an Education Plan developed. Goals and Objectives come from the Florida Gifted Frameworks.	If a parent chooses to have their child evaluated by an outside agency, they may submit the report to the school for review and determination of gifted eligibility.	Students who come to our school from another county, state, or country should notify the school if their child participated in a gifted program at their previous school. The school gifted coordinator will proceed from there.
