Q. If I have a credit do I still have to register my child this school year?

A. Yes, you will still need to register your child for the 2021-2022 school year. If you secure a slot for your student during registration then the credit will be applied to your registration fee. You're credit doesn't guarantee a spot in the program.

Q. Is there a waiting list?

A. Yes, we will cap the program if we exceed 125 students. Once we've reached our cap, we will adjust as needed and contact parents when an opening becomes available.

Q. Why do I have to make a full tuition payment if I apply for project care?

A. Project care is a scholarship based on our enrollment and funding. We can only offer a limited number of spaces. I can only guarantee the first three slots. Any other applicants must wait to hear back from me regarding their status. Please be prepared to pay the full tuition cost. A credit will be applied if a slot becomes available to you.

Q. Can I submit my forms via email?

A. We do not suggest submitting forms via email. Email submissions aren't secured and we cannot guarantee them from getting intersected by hackers. With that being said, it is at the discretion of the parent/guardian when selecting to submit forms via email. If you chose to do so, please be certain to notify us via phone to confirm we have received them on our end.
