ITEM SUMMARY: The interview committee for the Construction Manager at Risk Services convened on August 17, 2018, to interview construction management firms for Woodville K-8 School Site Improvements Project.

Eleven (11) firms submitted qualification statements for this project, of which five (5) were selected to interview. The committee ranked the firms as follows:

1. Rippee Construction, Inc.
2. Childers Construction Company, Inc.
3. RAM Construction & Development, LLC
4. Cook Brothers, Inc.
5. Allstate Construction, Inc.

The total estimated construction budget for Woodville K-8 School is \$1,500,000.00

The recommended construction delivery method for this project is Construction Management. Major tasks are defined but there is potential for unknown conditions and the need to work around the schools schedule. The type of work is not unique but coordination and timing of all the required trades is complicated. District staffing is not sufficient to provide the type of supervision needed on this project during the busy summer construction session.

Rippee Construction, Inc. has earned an estimated amount of \$4,594,337.88 of projects over the past 3 years.

NOTE: This is not a phased project
