SECTION 2: Scope of Work

2.1 Background

The District and the School Board are created under Article IX, Section 4, of the Constitution of the State of Florida. The School Board is an independent taxing and reporting authority responsible for the operation, control, and supervision of all free public schools within the school district, subject to the Florida K-20 Education Code, Chapters 1000 – 1013, F.S. The Board consists of five (5) elected officials responsible for, among other things, the adoption of policies that govern the operation of District public schools. The elected Superintendent of Schools is responsible for the administration and management of the schools within the applicable parameters of state laws, State Board of Education Rules, and School Board policies.

The District provides a standard, traditional curriculum to a student body of approximately 30,000 students ranging from pre-kindergarten through the 12th grade. The District also provides adult education at several facilities during regular and non-school hours. In addition to the standard curriculum, The District offers a variety of specialized technical training programs for the higher-grade levels.

2.2 Procurement Overview/Requirements

Through this solicitation, the District seeks to secure the best competitive prices for fresh, high-quality, seasonal, and local produce and establish a cost-plus fixed fee per unit contract for the delivery of fresh produce.

The District will work with the Successful Bidder(s) to execute one (1) or more contracts for services soon after the award of this ITB. The Successful Bidder(s) must be able to begin implementing services if awarded on or before August 1, 2023.

2.3 Contract Term

We anticipate that the Contract(s) will commence within 30 days of award. The expected Contract term and options to renew are:

Description	Time Period
Initial term of the Contract	Three (3) years
Optional Contract Renewal Term(s)	Up to three (3) years, or portions thereof
Maximum term of the Contract	Six (6) years

2.4 Scope of Work

The scope of this Contract shall require the Successful Bidder to deliver produce to each individually designated school on a scheduled basis. The Successful Bidder shall provide all supervision, labor, packing, handling, delivery, and other services that are necessary for the proper execution and performance of this Contract. The Successful Bidder shall devote, and cause its personnel to devote, such time, attention, best skill, judgment, knowledge, and ability as is necessary to perform all services in a manner that is safe, effective, efficient,

environmentally acceptable, compatible with industry standards and compliant with all regulatory requirements

It is the intent of the District to purchase locally grown produce to the maximum extent possible. Due to the seasonality of various produce, all items under this Contract will not be available locally and will need to be sourced through other means. A local farmer is any qualified grower located within the State of Florida. In addition, the Successful Bidder will consider purchasing produce from local farmers identified by the District Nutrition Services Department.

2.4.1 Pricing Methodology

- a. The pricing model for this bid of commonly ordered items will be a fixed weekly cost (based on the USDA Terminal Market Report for Miami, Florida) plus a firm fixed delivery fee. The cost will be based on the Successful Bidder's landed cost or the cost of the same item as reported in the [USDA Terminal Market Report for Miami, Florida](#). The lesser of the two will be used to calculate the fixed weekly cost.
- b. Price Sheets are to be provided weekly to the District Nutrition Services Department by 9:00 am two (2) business days prior to the due date for the orders. The prices will be effective through Friday of that week.
- c. It is the responsibility of the Successful Bidder to provide updated product and pricing information to the District Nutrition Services Department via email or other electronic means. The Successful Bidder shall pass along any cost reductions or inducements offered by the market on a promotional basis. The Successful Bidder shall notify the District of any promotions when Price Sheets are submitted.
- d. The fixed delivery shall include all fees for stocking, handling, storing, overhead, profit, inside delivery, fuel, F.O.B. destination, operational contingencies, and any other costs associated with delivering the produce to all required locations within Leon County.

2.4.2 Opportunity Buys

This ITB will allow for opportunity buys from reputable, certified, local farmers due to seasonal volume, weather considerations, etc. The District reserves the right to purchase directly from the farmer or cooperative in the event it is to the advantage of the District.

2.4.3 Delivery

The Successful Bidder shall deliver fresh produce to the District sites as identified in Attachment X. Delivery sites may be added or removed via written notice to the vendor by the District.

Each Cafeteria Manager will complete weekly orders. The exact time and place of delivery for each school cafeteria shall be scheduled on an individual basis, with deliveries typically starting in the early morning.

- a. Deliveries shall be made once a week between 6:00 a.m. and 1:30 p.m. or as approved by the Cafeteria Manager. Any delivery frequency less than weekly must

be approved by the Nutrition Services Department and will be communicated to the Successful Bidder by email from the Nutrition Services Department.

- b. Access to Leon School District campuses will be Monday through Friday, with the exception of school holidays and partial or unscheduled closing days. When school holidays fall on a scheduled delivery day, deliveries shall be made on the next school day. This does not preclude the Successful Bidder or the Cafeteria Manager from making periodic adjustment requests for the convenience of either party, providing both parties are in agreement.
- c. If, for any reason, item(s) ordered by a Cafeteria Manager are unavailable, the Successful Bidder shall notify the Nutrition Service Department and the Cafeteria Manager at least one (1) business day prior to the scheduled delivery date and offer substitution options. The District has up to three (3) business days before delivery to add or cancel items.
- d. Deliveries must be made in clean, refrigerated trucks, and the products must be delivered in good condition in clean, dry cartons and crates. Contents must be free of damage and infestation and within the proper temperature. Products must be maintained between 35 to 41 degrees Fahrenheit. The internal temperature of the delivery truck should not exceed 45 degrees Fahrenheit. Drivers must deliver products inside to the pantry or cooler areas designated by the Cafeteria Manager at each school cafeteria. Drivers are not required to stow products on shelves or remove containers from master cartons. If an item is omitted from an order by the Successful Bidder or is delivered in unacceptable condition, re-delivery must be made within one (1) business day, unless approved by the Nutrition Service Department. If an extra delivery is required due to a District error, the Successful Bidder may require a minimum order.
- e. Drivers are not allowed to leave vehicles unattended with the engine on while on District property. Keys must be removed from the ignition while the driver is inside the building or unloading the truck. Under no circumstances is the product to be left unattended on a loading dock. All products must be delivered during a time when cafeteria staff is present. This also excludes leaving the product with custodial, security staff, or any other non-food service staff.
- f. Breakdowns or delays that inhibit the Successful Bidder from satisfactorily ensuring scheduled deliveries are the Successful Bidder's responsibility. Immediate contact must be made from the Successful Bidder to the school sites indicating delivery delays or rescheduling. If delays create additional labor expenses for the school sites, the District reserves the right to recover those additional expenses from the Successful Bidder.

2.4.4 Quality Assurance

- a. The Successful Bidder is expected to make deliveries with a minimum of errors. Unapproved deliveries made outside established delivery time frames shall not be tolerated and may result in Contract termination.
- b. All produce shall be free from decay, well colored, U.S. grown, and possess characteristics associated with quality requirements and grade standards of U.S. No. 1 grade or better. All packaging and packing will be in accordance with Good Commercial Practice. All items must be labeled by brand name, product code, or other identification which clearly identifies the product when delivered.
- c. It is understood that taste, acceptability, and freshness are essential in defining product quality. Grades for food products are based on standards established by the U.S. Department of Agriculture, Agriculture Marketing Service, and items supplied must be of the grade indicated for the item.
- d. All distribution facilities and transportation vehicles utilized in the performance of the Contract shall be identified as having been officially inspected for sanitation by the applicable Federal and/or State regulatory agency having jurisdiction. The Successful Bidder shall provide copy(s) of agency sanitation inspection reports, including any adverse findings, to the District within three (3) business days of request. Failure to continuously maintain an acceptable level of sanitation in accordance with any and all regulatory requirements may be deemed as a default of the contract. A satisfactory inspection report contains no "critical violations" with regard to food sanitation and safety.
- e. The Successful Bidder shall have in place a system that provides for quality control and the delivery of the product at consistent and specified quality levels and a system of safety and sanitation inspections assuring the delivery of the product free from contamination and product degradation. The Successful Bidder shall provide a copy of a current Facility and Food Safety Audit/Inspection report from the Florida Department of Agriculture & Consumer Services and/or a certified/qualified independent third-party company with its bid response. Any future Facility and Food Safety Audit/Inspection reports during the term of this Contract will be provided to the District.
- f. The District reserves the right, at any time, to have representative samples of delivered products tested by the Leon County Health Department or USDA-approved testing laboratory to ensure compliance with product specifications and established quality control standards. Should tested samples not be in compliance, the Successful Bidder shall be responsible for all costs associated with the testing, including product samples. As an assurance of compliance, the District shall thereafter have the discretion to have samples tested on a periodic basis at the expense of the Successful Bidder.
- g. The District expects to have fresh produce delivered and on-hand at all times. All products should have seven (7) "days of life" from the day of delivery unless

otherwise approved by the District. If the “days of life” guarantee is less than seven (7) days from the date of delivery, then deliveries shall be made twice a week to coincide with the “days of life” to ensure fresh produce is on hand at all schools (i.e., if the “days of life” was four (4) days, then deliveries would occur on Mondays and Thursdays). The repeated documented failure of the Successful Bidder to deliver produce meeting the District freshness guarantee at one (1) or more service sites on three (3) or more occasions may be considered a breach of Contract.

- h. The District, the school Cafeteria Manager, and support staff shall have the right to reject any product that does not meet the proper standards as detailed in this bid. At the discretion of the District, the Successful Bidder shall immediately credit any item not meeting proper standards or agree to replace and redeliver the next business day. If the same item is not available for redelivery the next day, the product can be replaced with another item only with the advance approval of the District Nutrition Services department.

2.4.5 Product

- a. Adherence to the local preference regulations surrounding National School Lunch Programs dictates Federal Buy American provisions, Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998, for domestically grown fruits and vegetables whenever possible. Economies for all operations dictate a reasonable relationship to price and quality when considering Market Prices and product origin.

 - (1) Product origin must be included for each item on the weekly Price Sheet.
 - (2) Include pricing for both domestic and non-domestic like items to allow the District to determine compliance.
- b. During the course of a year, the District may purchase multiple products of varying sizes and varieties, some purchased in volume and others on an occasional basis. The Successful Bidder will be provided with an approved list of items that can be ordered by the school site Cafeteria Manager. The District shall purchase produce as listed on the Price Sheet.
- c. Additional products offered by the Successful Bidder may be added during the term of the Contract at the request of the District. The approval of additional products is subject to successful negotiations with the Successful Bidder, and pricing should be consistent with the discount level offered through this ITB. The Successful Bidder is responsible for providing documentation to support the price reasonableness of proposed products. The District reserves the right to refuse payment for any delivered products that have not been approved. Furthermore, the delivery of unauthorized products without the expressed consent of the District may be deemed as a default of the Contract.

2.4.6 Item Substitution

Each item that is delivered must meet the minimum produce specifications and be the price and pack size that is quoted on the pre-approved price list. Changes in pack size due to availability is allowed. These changes shall be included in the weekly pricing and approved prior to delivery. If the Successful Bidder is temporarily out-of-stock of a particular item, they must deliver an equal or superior product at an equal or lower price, with prior approval, from the Nutrition Services Department. All outages and substitutions must be submitted to the Nutrition Services Department a minimum of twenty-four (24) hours prior to delivery. Excessive occurrences of out-of-stock items may be cause for contract cancellation.

2.4.7 Price List, Invoices, Statements, and Payments

To facilitate the handling of invoices, the Successful Bidder must adhere to the following instructions:

2.4.7.1 Weekly Price List: Each Tuesday, the Successful Bidder shall email a price list for the upcoming week to the Nutrition Service Department.

2.4.7.2 Product Cost: The District reserves the right to request that the Successful Bidder provide written documentation of Product Cost through paid invoices.

- a. All pricing shall be quoted FOB inside delivery to Leon County, and all items shall meet or exceed the specifications of this ITB.
- b. Bidders are required to submit an Item Cost for each line item. For purposes of bid evaluation, the Item Cost will be based on the Successful Bidder's landed cost or the cost for the same item as reported in the US Wholesale (Terminal) Market Price published for Miami, FL on May 2, 2023, by the USDA.

2.4.8 Price Increases

The Fixed Delivery Fee shall remain firm for the first 12 months of the contract. 2.4.10 Rejection Procedures

The Cafeteria Manager and cafeteria staff have the right to reject any product that does not meet the proper standards as detailed in this bid. For each delivery, Cafeteria Manager and/or cafeteria staff will have 24 hours to inspect and reject any product that does not meet the specifications of this bid. Rejected products are to be picked up and replaced promptly by the supplier at no cost to the District. The awarded contractor will promptly issue a credit memo for all rejected items that cannot be replaced. If the Cafeteria Manager and/or cafeteria staff fail to promptly inspect and/or accept supplies within 24 hours, the supplier will not be considered in non-compliance of the contract specification.

2.4.11 Contractor Performance

- a. The Successful Bidder must maintain an acceptable level of performance throughout the contract term. Supplies transported in vehicles that are not sanitary and equipped to maintain prescribed temperatures may be rejected. The District reserves the right to inspect the Successful Bidder's vehicles and all operating plants and facilities. Whether the product meets current District standards will be solely determined by the Nutrition Services Department. If the Successful Bidder cannot perform the requirements of this agreement, or whose prices rise above an acceptable, competitive market range, or has significant dissatisfaction, it will be grounds for termination of the contract.
- b. Quality Control Reports are an internal tool used by the school Cafeteria Manager to communicate to the Nutrition Services Department regarding service, quality of product, contamination, and so forth. Quality Control Reports addressing

contamination or any other urgent issues must be responded to immediately by the Successful Bidder in writing.

2.4.12 Quantities/Contract Value

Quantities demonstrated on the Price Sheet are estimates only and in no way obligate the School Board to purchase these amounts. Estimated figures represent a guideline for preparing the vendor's Bid, and no guarantee is implied for the purchase of any quantities. Quantities may increase or decrease as conditions necessitate, based upon enrollment, participation, or menu modifications.

2.4.13 Food Safety and Recalls

Ensuring the safety of the food supply is critical to the District. Manufacturers, distributors, and importers are expected to comply with all federal, state, and local laws and regulations. Recalls are an effective method of removing or correcting consumer products violating laws administered by the Food and Drug Administration. The Successful Bidder shall have a process in place to effectively respond to a food recall which should include the following objectives:

- a. Provide accurate and timely communication to the District regarding a food recall.
- b. Ensure that unsafe products are removed from school sites in an expedient, effective, and efficient manner.
- c. Streamline the process for reimbursement for the recalled product.

2.4.14 Applicable Laws

All products and deliveries must meet the Florida State Board of Health and Leon County Health Department specifications and standards and must comply with Federal Statutes Executive Orders, and the requirements of 7 CFR21, 7 CFR 3016.36, and 7 CFR 3016.60 (b), and (c).

2.4.15 Liquidated Damages/Failure to Deliver

When the Successful Bidder fails to deliver product on time to the school cafeteria, and a substitute item needs to be purchased, the Successful Bidder shall pay the Nutrition Service Department the price difference between the original bid price and the price of the substitute if higher.

- a. If the Successful Bidder is found in default of the contract, the Purchasing Department shall issue a notice letter that advises the Successful Bidder that a recommendation may be made to the Board to terminate the contract award and seek replacement from the second lowest responsive, responsible Bidder. The letter shall state the reason for the action taken. Additionally, a recommendation will be provided to the Board to remove the contractor from the vendor list for a period of two years.

2.4.16 Act of God

The Successful Bidder shall have a plan for the distribution of the unused product in the event of an "Act of God," such as a hurricane, etc., where the Successful Bidder

would be expected to move as much ordered product as possible to its other customers in the event a school should have to be closed without notice. In the event the Successful Bidder's facilities are affected by an Act of God (i.e., hurricane, etc.), and the Successful Bidder cannot deliver when scheduled, the Successful Bidder should notify the Nutrition Services Department at their first opportunity so the District can make other arrangements for the effected period.

2.4.17 Designated Contact

The Successful Bidder shall appoint a person to act as a primary contact for the Nutrition Services Department. This person or backup shall be readily available during regular work hours by phone or in person and shall be knowledgeable of the terms and conditions of this bid.

2.4.18 Records

The Successful Bidder must retain in an accessible manner all records, including delivery invoices, price, and product cost records, utilization data, and other pertinent information as may be relative to this contract for five (5) years after the fiscal year to which they pertain. The Successful Bidder must receive approval from the Nutrition Services Department before destroying the records.

2.4.19 Reports

The perpetual utilization report shall provide, by line items, purchasing units, selling prices, and school delivery sites, as well as, for District lump sum. Utilization reports shall demonstrate unit (carton, pound, etc.), as well as by dollars, and be submitted on both monthly and year-end.

2.4.20 Buy American

As a participating sponsor in the USDA's National School Lunch and School Breakfast Programs, the School Board of Leon County, Florida, must adhere to the "Buy American" provision of the Child Nutrition Reauthorization Act. The provision requires school districts to purchase, to the maximum extent practicable, domestic food products that are produced in the United States. The legislature defines "domestic commodity or products" as one that is produced in the United States and is processed in the United States substantially using agricultural commodities that are produced in the United States. Substantially means that a minimum of 51% of the final processed food comes from American-produced products. *The Contractor must have a system in place to track product origins and provide that information upon request to the District.* Adherence to the local preference regulations surrounding National School Lunch Programs dictates Federal Buy American provisions, Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998, for domestically grown fruits and vegetables whenever possible. Economics for all Food Service operations dictate a reasonable relationship between price and quality when considering Market Prices and product origin. Additionally, orders for fresh fruits and vegetables shall meet

guidelines for “Buy Local” from Florida Growers whenever possible, and prices considered.

Exceptions to the Buy American provision are very limited; however, an alternative or exception may be approved upon request. To be considered for an alternative or exception, the request must be submitted in writing to a designated official a minimum of seven (7) days in advance of delivery. The request must include the following.

- a. Alternative substitute(s) that are domestic and meet the required specifications:
 1. Price of the domestic food alternative substitute(s); and
 2. Availability of the alternative domestic substitute(s) in relation to the quantity ordered.
- b. Reason for exception: limited/lack of availability or price (include price):
 1. Price of the domestic food product; and
 2. Price of the non-domestic product that meets the required specification of the domestic product

The Contractor will document exceptions and maintain records of the communications with their food supplier, including emails, documentation of telephone communications, etc. The documentation must be provided to the District to maintain for audit purposes

2.4.21 Peanuts, Peanut Protein, or Peanut By-Products

The District reserves the right to decline an award on items that contain peanuts, peanut protein, or peanut products. A statement of ingredients and formal nutritional analysis for those items must be submitted with the Bid, and any items that contain peanuts, peanut protein, or peanut by-products must be clearly and separately identified.

2.4.22 U.S. Department of Agriculture Certification (Debarment and Suspension)

A copy of Form AD-1048 (1/92-Attachment VIII) is included as a part of these Bid documents. Section 3017.510 of 7 CFR Part 3017, the submission of the completed Form: Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions, is required for all USDA Food and Nutrition Service programs. No vendor shall be allowed to participate in any procurement activity if any federal department or agency has debarred, suspended, or otherwise excluded that vendor from participation in a procurement activity. This form should be completed, signed, and submitted with each vendor’s Bid in order for the Bid to be considered. Any Bid that does not include this required Form will not be evaluated and will not be considered for award. A signature is required on both the Form and the Bidder Acknowledgement page.

2.4.23 Fresh Fruit and Vegetable Program (FFVP)

The Nutrition Service Department anticipates up to 5 schools awarded the USDA Fresh Fruit and Vegetable Grant Program (FFVP) and Leon County Schools will have a fresh fruit or vegetable snack for every child, three (3) times a week, for an estimated total of 3,000 servings per day. An increased variety of products will be necessary to introduce children to healthy options. Suggestions and recommendations from the Successful Bidder on in-season “less common” domestic produce with competitive pricing will be necessary. Carambola (star fruit), jicama, bok choy, avocado, eggplant, and grapefruit are examples of products that may be purchased for this program in addition to the more traditional items. (See Exhibit XI for a complete list of possible items purchased under the FFVP Program).

2.4.24 Farm-To-School

Definition: Collaborative projects that connect schools and local farms to serve locally grown, healthy foods in K-12 school settings, improve student nutrition, educate students about food and health, and support local and regional farmers. The Nutrition Services Department participates in the Farm-to-School program to encourage the consumption of locally grown produce, enhance the freshness and nutritional value of the fresh produce, decrease the transport time (food miles) and fuel costs, and support the local economy. Locally grown produce is defined as “seasonal produce grown in the State of Florida.” Locally grown produce shall be identified and featured on the menu as often as economically and seasonally feasible.

In the event the Responsible Bidder with the lowest Total Price is found non-responsive, the District may proceed to the next Responsive Bid from a Responsible Vendor with the next lowest Total Price and continue the award process. Any and all award(s) made as a result of this ITB shall conform to all applicable Board policies, State Board rules, and Florida Statutes.

3.3 Advertising Notice of Board Decision

The District reserves the right to award one (1) or more Contracts, in whole or part, for the services sought in this ITB. The District reserves the right to accept or reject any and all offers or separable portions and waive any Minor Irregularity, technicality, or omission if the District determines doing so will serve the Board's best interest. While the Board will encourage use by all District departments, the Contract(s) is not an exclusive agreement, and the Board may secure the same or similar goods and services from other vendors in accordance with applicable procurement laws, rules, and policies.

As in any competitive solicitation, the Board shall advertise a public notice of Board Decision when the Board has decided on the outcome of the solicitation, including, but not limited to, a decision to award a Contract(s), reject all Bids, or to cancel/withdraw the ITB.

The Notice of Board Decision will be advertised on or about the date shown in the Timeline and will remain posted for a period of 72 hours (Saturdays, Sundays, and District holidays shall be excluded in the computation of the 72-hour period).

3.4 No Prior Involvement and Conflicts of Interest

Any Bidder who participated through decision, approval, disapproval, recommendation, preparation of any part of the purchase, influenced the content of the solicitation, rendered advice, investigated, audited, or served in any other advisory capacity, is ineligible to participate in this solicitation.

Additionally, no Bidder shall compensate in any manner, directly or indirectly, any officer, agent, or employee of the District for any act or service which he/she may do or perform for, or on behalf of, any officer, agent, or employee of the Bidder. No officer, agent, or employee of the District or Board shall have any interest, directly or indirectly, in any Contract or purchase made or authorized to be made by anyone for, or on behalf of, the Board. The Bidder shall have no interest and shall not acquire any interest that shall conflict in any manner or degree with the performance of the services required under this ITB.

3.5 Confidentiality, Proprietary, or Trade Secret Material

The District takes its public records responsibilities, as provided under Chapter 119, F.S., and Article I, Section 24 of the Florida Constitution, very seriously. If the Bidder considers any portion of the documents, data, or records submitted in response to this solicitation to be confidential, trade secret, or otherwise not subject to disclosure under Chapter 119, F.S., the Florida Constitution, or other authority, the Bidder must also simultaneously provide the District with a separate redacted copy of its Bid and briefly describe in writing the grounds for claiming exemption from the public records law, including the specific statutory citation for such exemption. This redacted copy shall contain the District's solicitation name, number, and the name of the Bidder on the cover and shall be clearly titled "Redacted Copy." The redacted copy shall be provided to the District at the same time the Bidder submits its Bid to the solicitation and must only exclude or redact those exact portions which are claimed confidential, proprietary, or trade secret. The Bidder shall be responsible for defending its determination that the redacted portions of its response are confidential, trade secret, or otherwise not subject to disclosure.

Further, the Bidder shall protect, defend, and indemnify the District for any and all claims arising from or relating to the Bidder's determination that the redacted portions of its response are confidential, proprietary, trade secret, or otherwise not subject to disclosure. If the Bidder fails to submit a Redacted Copy with its Bid, the District is authorized to produce the entire documents, data, or records submitted by the Bidder in answer to a public record request for these records. In no event shall the District, Board, or any of its employees or agents be liable for disclosing or otherwise failing to protect the confidentiality of information submitted in response to this solicitation.

3.6 Florida Preference

When a school district is required to make purchases of personal property through competitive solicitation and the lowest responsible and responsive bid, proposal, or reply is by a vendor whose

principal place of business is in a state or political subdivision which grants a preference by that state or political subdivision, and then the school district shall award an equal preference to the lowest responsible and responsive vendor having a principal place of business within Florida. In a competitive solicitation in which the lowest bid is submitted by a vendor whose principal place of business is located outside the state, and that state does not grant a preference in competitive solicitation to vendors having a principal place of business in that state, the preference to the lowest responsible and responsive vendor having a principal place of business in the State of Florida shall be five (5) percent. F.S. 287.084(1)(a).

A vendor whose principal place of business is outside this state must accompany any written bid, proposal, or reply documents with a written opinion of an attorney at law licensed to practice law in that foreign state as to the preferences, if any or none, granted by the law of that state to its own business entities whose principal places of business are in that foreign state in the letting of any or all public contracts. F.S. 287.084(2).

3.7 Small Business Participation

4.2 Cooperative Contracting (Use by Other Public Agencies)

Pursuant to their own governing laws and subject to the agreement of the Contractor, other entities may be permitted to make purchases at the terms and conditions contained herein. Any such purchases are independent of the agreement between the District and Contractor, and the District shall not be a party to any transaction between the Contractor and any other purchaser.

The District hereby notifies interested parties that the Florida Department of Management Services purchasing agreements and state term contracts have been reviewed for the goods and services contemplated by this solicitation, and the District has determined conducting our own solicitation is in our best interest.

4.3 Travel Expenses

The District shall not be responsible for the payment of any travel expenses incurred by Bidders due to this ITB or Contract.

4.4 E-Verify

Per Executive Order 11-116, "The provider agrees to utilize the U.S. Department of Homeland Security's E-Verify system, <https://e-verify.gov/employers>, to verify the employment eligibility of all new employees hired during the contract term by the Provider. The Provider shall also include a requirement in subcontracts that the subcontractor shall utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term." Contractors meeting the terms and conditions of the E-Verify System are deemed to comply with this provision.

Beginning January 1, 2021, every public employer, Contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, Contractor, or subcontractor shall not enter into a contract unless each party to the contract registers with and uses the E-Verify system per Section 448.095, F.S.

4.5 Subcontracts

The Contractor may, only with the prior written consent of the District, enter into written subcontracts for the delivery or performance of services as indicated in this ITB. Anticipated subcontract agreements known at the time of Bid submission must be identified in the submitted Bid using Attachment VI, Subcontracting Form. If a subcontract has been identified at the time of submission, a copy of the proposed subcontract must be submitted to the District. No subcontract, which the Contractor enters into concerning the performance of any of its functions under the Contract, shall in any way relieve the Contractor of any responsibility for the performance of its duties. comply with the District's security requirements, as defined by the Board, including background checks, compliance with Board Policy 2.021, the Jessica Lunsford Act, and all other Contract requirements. All payments to the subcontractor shall be made by the Contractor.

If a subcontractor is utilized by the Contractor, the Contractor shall pay the subcontractor within seven (7) working days after receipt of full or partial payments from the District, per Section 287.0585, F.S. It is understood and agreed that the District shall not be liable to any subcontractor for any expenses or liabilities incurred under the subcontract and that the Contractor shall be solely liable to the subcontractor for all expenses and liabilities under the Contract. Failure by the Contractor to pay the subcontractor within seven (7) working days will result in a penalty to be paid by the Prime Contractor to the subcontractor in the amount of one-half (½) of one percent (1%) of the amount due per day from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen percent (15%) of the outstanding balance due.

4.6 Background Screening Requirements/Jessica Lunsford Act

Florida Statutes contain certain fingerprinting and screening requirements pertaining to all persons or entities entering into contracts with Schools, School Boards, School Districts, and Charter Schools who may have personnel who will be on school grounds when students may be present.
