Re: Leon High School Auditorium HVAC Unit Replacement

This letter is to confirm that Carrier Enterprise is the only local provider for the proposed Carrier packaged air conditioning unit for Leon High School. Per our charter with Carrier Corp we are the authorized distributor for direct expansion unitary equipment in North Central Florida. Also the proposed 50A unit is of similar construction and will fit the existing dimensions and duct configuration as the existing unit for ease of installation. I have included a copy of the new and proposed unit dimensional drawings for comparison and confirmation.

Thank you and please let me know if I can be of any further assistance.

Christopher. B Miller
