Dr. Donald Sheppard
Art Teacher

Art Day

Students Enjoy Watercolor Lesson

Course Content

The content should include, but not be limited to, the following:

- use of tools and materials
- varied media, technology, and processes
- perception and observation
- imagery and visual language
- composition and design
- critical thinking and analysis
- historical and cultural perspectives
- connections between visual arts and other subject areas
- personal and social benefits
- cooperative skills
- career opportunities

General Description

The art courses enable students to experience and explore varied two- and three-dimensional art appreciation and production activities with emphasis on design principles and craftsmanship. Production activities may include drawing, painting, printmaking, sculpting, and assemblage.

Maia Hannahs, *Still Life Drawing*
