

Online Science Textbook

The online version of the textbook is an exact copy of your book. **It also has lots of resources you can use to review and study as well.**

Extra credit is **ALWAYS** available before **every test or quiz** by taking the online quiz for that chapter and scoring an 80% or higher and emailing it to me:

burkeyc@leonschools.net

It will give you the option to e-mail it at the end of the quiz.

You may want to take a picture of the result with your phone or print the screen just in case the email doesn't make it to me.

Access the book using the following info:

Website: <http://connected.mcgraw-hill.com/connected/login.do>

Username: LCSB underscore student ID number Example: LCSB_123456789

Password: lcs12345

If you have any questions, just let me know. 😊
