At Home Math Practice

Students are encouraged to practice math skills at home. I have included sign on information in the Friday Folder for your child's accounts that we use in class.

Xtramath- Addition and Subtraction fluency practice. Later in the year, students will be practicing multiplication and division which is a big part of 3rd grade.

Prodigy- multiple math skills practice. Students really enjoy this program. It is designed to look like a video game, and I often use it as a "treat" for students when they finish assignments early.

On Track Club

3rd grade teachers offer an incentive for students each week to encourage completing assignments. Students earn 30 minutes extra recess or free time. For the week, students must have completed:

1. All written assignments
2. 45 minutes of both iReady Reading and Math
3. Be up to date on meeting their A.R. goal. (I put in the newsletter each week what percentage completed they must have. This helps students avoid rushing at the last minute to take quizzes at the end of the 9 weeks)

This is **not** a punishment. Oftentimes, students that have been absent will need extra time to finish lessons.

Activity Fee

Third Grade will collect a \$30 activity fee for the school year. This includes materials that they will need and their class T-shirt. No field trips are included in this fee due to the uncertainty of when we will be allowed to leave campus. Please send your payment on or before **September 17th**. You may make your check payable to Roberts Elementary.

Afternoon Transportation

If you need to make a change in your child's afternoon plans, you may change it in the PikMyKid App or call the office. Please do not e-mail me or leave a message on my voice mail since some days I do not check these until after dismissal. The office will let me know of any changes.
