January 17- MLK Jr. Day (No School)

January 29- Trent Trot

Gifts

Thank you so much for all of the holiday gifts! Students have been very sweet this week and I feel very loved. Students have been working hard and being creative with holiday crafts. I hope that everyone is able to be with their loved ones and celebrate.

Volunteers & Field Trips

We are finally able to have volunteers on campus again. If you are interested in volunteering in the classroom or for field trips, please let me know. I would love to see parent faces again. 😊 3rd grade has 2 field trips planned so far for this year. Look for more information coming in January.

P.E. in January (Message from Coach Cox)

For the month of January, we will be doing our annual Bicycle and Traffic Safety Program with our 3rd – 5th graders. Students should plan to bring a helmet for the whole month, and it is highly encouraged for them to bring a pair of gloves to keep their hands warm when biking in wintry weather 😊. Please make sure that their name is on their helmet. Let me know if you have any questions!!!

New Teacher

We will be welcoming an intern from FSU into our classroom when we come back in January. Her name is Ms. Reagan in case your child begins talking about a new face.

Math- Multiplication/ The Big Mix

Students have received flash cards that they can keep in their Fox File to practice their facts. I also introduced the steps that they need to take to take The Big Mix (passing individual facts 2's, 3's, etc.). There are also several free websites that have multiplication skill practice including one that we use in class, Xtramath. I am encouraging students to begin to practice 3-5 minutes a day in the next few weeks.
