<i>Monday, 12/13</i>	<i>Tuesday, 12/14</i>	<i>Wednesday, 12/15</i>	<i>Thursday, 12/16</i>	<i>Friday, 12/17</i>
		Last Day for A.R. Continent and Ocean Test	A.R. Celebration	Class Holiday Breakfast

December 20-January 4- Winter Break

IReady Diagnostic

Next week we will be taking the mid-year iReady Diagnostic. This is the assessment that we discussed at our conferences to monitor student growth in Reading and Math. I will send home updated reports after the holidays for families to see all of the gains that your child has made. Please encourage your child to do their best next week so that we have accurate results.

Attendance/ Tardies

Please try your best to make sure that your child is at school on time each day. We have math first thing in the morning and students that are tardy are scrambling to catch up when they get here. Obviously, I don't want students to come to school when they aren't feeling well, but I am noticing a trend of students being absent on Fridays. This is a big assessment day for us (spelling/reading, etc.), so it is important that they are at school. Thank you for all your help with this. 😊

Holiday Activities

We will be doing several activities on the last week before our Winter Break including a class holiday party. Stay tuned for more information coming next week. Thank you to all of my families for your help throughout the year!

Math- Multiplication/ The Big Mix

Students have received flash cards that they can keep in their Fox File to practice their facts. I also introduced the steps that they need to take in order to take The Big Mix (passing individual facts 2's, 3's, etc.). There are also several free websites that have multiplication skill practice including one that we use in class, Xtramath. I am encouraging students to begin to practice 3-5 minutes a day in the next few weeks.
