Average- 85%

Important Dates to Remember

November 22-26- Thanksgiving Break

November 30-December 3- Winter Wonderland Shop

December 20-January 4- Winter Break

Happy Thanksgiving!!!

Weekly Spelling

I am seeing a few low scores on our weekly Spelling Tests. Students are given a list of 20 words each week. I include these words in the weekly newsletter and students record them in their planner to look over nightly. Thursday night Language Arts homework is spelling so that they may practice the spelling patterns. Please make sure that your child is studying weekly to do their best.

Winter Wonderland Holiday Shop, November 30- December 3

The Winter Wonderland Holiday Shop is a fun way for students to shop for family members and experience the spirit of giving while learning to budget and shop for others. On November 29th, we will preview the selection. The shop will be open for students to purchase gifts November 30-December 3 from 8:45-2:30. In order to shop, students will need to pay with cash or checks (made to Roberts PTO).

It will be a magical experience for our students as they spread cheer to their families through their personally selected gifts!

Weekly Report/ A.R. Goal

Please make sure to check the back of your child's Weekly report to make sure that they are keeping up with their A.R. Goals. Students should be reading 20 minutes each night as part of their weekly homework.

Math- Multiplication/ The Big Mix

Students have received flash cards that they can keep in their Fox File to practice their facts. I also introduced the steps that they need to take in order to take The Big Mix (passing individual facts 2's, 3's, etc.). There are also several free websites that have multiplication skill practice including one that we use in class, Xtramath. I am encouraging students to begin to practice 3-5 minutes a day in the next few weeks.
