Average- 85%

## Important Dates to Remember

October 4- Go Pink Day! (wear pink)

October 11-22- Boosterthon

October 13- Last Day for A.R.

October 15- End of 1<sup>st</sup> 9 weeks

October 18- Teacher Planning Day (No School)

### **A.R. Reading**

Please continue to have your child read nightly in order to make sure they meet their goal. **The last day to take quizzes is Wednesday, October 13<sup>th</sup>**. Student's A.R. Goal is 10% of their overall Language Arts grade for the 1<sup>st</sup> 9 weeks. Please make sure that they are reading nightly for homework and their reading includes a chapter book to build stamina. Students are allowed to check out 3 books from the Media Center at a time and one of them should always be a chapter book.

### **Parent Conferences**

I am looking forward to meeting with everyone to discuss your child's progress this school year. You should be getting a reminder for your date/time from Sign-Up Genius when your meeting is coming up. If you have opted to meet in person, you do not have to go through the front office since it is when students are gone for the day. Please meet me at the gate closest to our classrooms/ the playground and I will let you in that way.

### **Math- Multiplication**

We will be starting our new chapter on Multiplication next week. This is an extremely important skill that begins in 3<sup>rd</sup> grade. It is very important that your child becomes fluent. Flashcards at home are a great way to practice. There are also several free websites that have multiplication skill practice. I am encouraging students to begin to practice 3-5 minutes a day in the next few weeks.
