A.R. Goal for the Week

Points- 100% of goal

Average- 85%

Important Dates to Remember October 11-22- Boosterthon

October 13- Last Day for A.R. October 15- End of 1<sup>st</sup> 9 weeks October 18- Teacher Planning Day (No School) October 21- Rock Your School Day! October 22- Boosterthon Fun Run

#### **Boosterthon**

Next week Roberts will begin our annual fundraiser. Look for more information to come home on Monday after our student kick-off. Let me know if you have any questions.

#### Fox File & Homework

I am so proud of how much the students have gained in independence and organizational skills! Continue to remind your child to bring their Fox File with their nightly homework and the book that they are reading for their A.R. daily.

### A.R. Reading

Please continue to have your child read nightly in order to make sure they meet their goal. <u>The last</u> <u>day to take quizzes is Wednesday, October 13<sup>th</sup>.</u> Student's A.R. Goal is 10% of their overall Language Arts grade for the 1<sup>st</sup> 9 weeks. Please make sure that they are reading nightly for homework and their reading includes a chapter book to build stamina. Students are allowed to check out 3 books from the Media Center at a time and one of them should always be a chapter book.

#### Math- Multiplication

We have started our chapter on Multiplication. This is an extremely important skill that begins in 3<sup>rd</sup> grade. It is very important that your child becomes fluent. Flashcards at home are a great way to practice. There are also several free websites that have multiplication skill practice including one that we use in class, Xtramath. I am encouraging students to begin to practice 3-5 minutes a day in the next few weeks.
