

LCS Mathematics K-12 Adoption Publishers for Consideration

Please note that the following publishers have responded to the LCS call for textbook adoption and have submitted complete bid packages to our office. We are happy to announce that this list of publishers represents the majority of the companies listed on the [FLDOE approved instructional materials list](#) for mathematics. Companies that responded were directed to provide sample materials to both the district office to enable public review, samples to all district school sites, and digital links for online review that have also been published on the LCS Math Adoption website. While most publishers were able to fulfill requests for hard-copy samples, the international paper shortage and supply chain disruptions have limited the ability of some materials to be delivered in a timely manner. Please note that in LCS publishers are prohibited from making direct contact with teachers regarding adoption of materials. Violation of this should be reported to academic services.

Elementary K-5

- Accelerate Learning
- Big Ideas Learning
- Houghton Mifflin Harcourt (HMH)
- McGraw Hill
- Savvas Learning Company

Middle Grades 6-8

- Big Ideas Learning
- Houghton Mifflin Harcourt (HMH)
- Math Nation
- McGraw Hill
- Savvas Learning Company

Algebra 1, Geometry, Algebra 2
