## Tying Shoes

*Tying Shoes and Other Musical Feet!* CD  
By Sharon MacDonald

My *fingers* don't know how  
To weave two strings about;  
There must be some magic  
To make a *bow* come out.

Everyone has shown me where  
The skinny strings should go.  
In a week or two I'll learn to tie  
For now I'll use Velcro.

Take a *string* go over the top  
Pull through a loop and then, oops  
The strings have fallen over  
But I can try again.

Make a loop, go over top  
Pull through the loop and then,  
I'll try and try until I tie  
And try and try again.
