

Welcome I am Ms. Thomas

My name is Ashlyn Thomas and I am one of the 6th grade math teachers at Deerlake—I am absolutely ecstatic to have you in my class this year :)

I am a Tallahassee native, and this will be my 4.5 year teaching. I graduated from Florida State University with bachelor's degrees in mathematics and secondary education. I am thrilled to continue my career as a Buck on the 6th grade team! It is an honor to grow and learn with children everyday—and I am so lucky to be at my alma mater.

I want you to know that YOU are LOVED, I believe in you, and YOU matter.

TIPS TO BE A SUCCESSFUL MATHEMATICIAN

**Practice
Makes
Perfect**

1. Analyze and understand every mistake because they are how we grow and learn
2. Be positive, present, prepared and prompt
3. Do not swallow questions because questions are how we learn
4. Practice, practice, practice!!!!
5. Be open-minded :)

ANYONE can achieve math at the highest level. . YOU are a math wiz! Believe in yourself!
