

SOLAR SCHEDULE

GALACTIC GOODIES

Every Monday we will provide our astronauts with an "out of this world" catered lunch. The Galaxy Guide will specify which restaurant will provide the food. Each space explorer will need to bring a lunch and two drinks to camp on Tuesday-Friday of the mission week unless the guide states that lunch is provided beyond the Monday meal. The camp gear provided on the first day of camp contains a food storage area in the pack. We would like the explorers to use this to carry their lunches. Please do not bring additional lunch boxes. Two supersonic snacks will be provided each day so that the explorers can keep up their energy as they participate in daily missions.

JUNE 4-8

MONDAY
MO LAB + KONA ICE + GAME TRUCK

TUESDAY
SKYZONE

WEDNESDAY
SKATEWORLD

THURSDAY
JACK MCLEAN POOL + CAPITAL LANES BOWLING

FRIDAY
CHALLENGER LEARNING CENTER

TUESDAY
SUMMERBROOKE POOL

WEDNESDAY
CADE MUSEUM IN GAINESVILLE, FL

THURSDAY
JACK MCLEAN POOL + CAPITAL LANES BOWLING

FRIDAY
AMC THEATRES: HOTEL TRANSYLVANIA + CHUCK E. CHEESE'S

ASTRONAUT ACADEMY

Our explorers will be training at camp on Mondays as they learn to navigate the galaxy within our Grizzly Galactica. They will have Cadet Capsule Challenges where they will learn to function as a crew before they lift off on their daily missions during the week. They will also explore with other guest space cadets as they bring exciting events to camp. The day closes out with a Cosmic Kona Ice Party on the pad. Each week we will also have a Celestial Celebration where we explore "space" through a variety of cooking, crafts, and games as they relate to the camp theme being celebrated that week. We will also include a Supernova Surprise at the weekly celebration.
