Lessons for Week of April 27th

DIGITAL LEARNING

In a nutshell

For these next few weeks we are going to be switching to a digital learning platform, rather than in our classroom. Your lessons for the week will be on this powerpoint. You may do it all in one day or do each day separately, it is up to you! These slides will take you through the lesson through videos and assignments. Although we are not physical in the same room, I am always available if you need some help!
