Happy New Year! We are all so happy be back in school. We have had a fun week learning about construction and building our own buildings with assorted blocks and cubes. We looked at unusual buildings from all over the world. We found one shaped like a piano, another one like a pineapple and a cool robot building. We looked at scenes from construction sites and read the book, *Goodnight, Goodnight Contruction Site*. We also read *A Chair for My Mother*, *Build It A to Z*, *House Sweet House* and *Buildings, Buildings, Buildings*.

We have worked a lot on rhyming words, letter identification and creating patterns. Our letters this week included Mm and Ss. We filled an S with cut up straws and an M with monsters. We really enjoyed playing with play dough and kinetic sand. It's been a great week!
