

Pre-K Post

December 11, 2020

This week, we finished our Trees Study and began our Buildings Study. While celebrating the completion of the trees study, we read our favorite books from the unit, Abiyoyo, The Grand Old Tree, Trees Count and Trees Are For...... We reviewed everything we learned about trees using our story web as a reminder. We made four trees to show the four seasons using paint, glue and fruit loops. FYI, please don't eat these fruit loops, they have glue and spray fixative on them. 

In our Buildings Study, we found out during the question of the day that everyone's favorite building is McDonalds. They were given a choice between the Empire State Building and McDonalds 😊. Then they painted their favorite building. Today, we built a zoo with our big blocks and sorted the animals by those who could safely live together in the zoo. We read The Three Little Pigs and acted out the story several times. We also did a lot of sorting and counting. Our letters this week were P, Q, R, S and T. It's been a fun week. We are all looking forward to continuing our Buildings Study.

Menu:

M: manger's choice, chips and salsa, fruit and milk

T: turkey ham and cheese croissants, carrots, fruit and milk

W: manager's choice, cucumbers, fruit and milk

TH: yogurt cheese plate, grape tomatoes, fruit and milk

F: manager's choice, carrots, fruit and milk

Dates to Remember:
