

Pre-K Post

January 22, 2021

It has been a short, but fun week. We continued our study of buildings. We talked about building materials, tools needed for building, flooring materials and what makes a strong and sturdy house. We made a few structures with different types of blocks and designed a house, using a template and giving it windows and doors. In reading, we worked on rhyming words and word parts to help develop our pre-reading skills. We reviewed the letters M and S and did some fun worksheets to help with our fine motor skills and letter recall. In math, we worked on shapes, making and identifying patterns, counting and number identification. We read Three Little Javelinas again. It is a southwestern take on The Three Little Pigs and a class favorite. We also read Build It, A to Z and Building a House.

Menu:

M: chicken sandwich, corn, fruit and milk

T: turkey ham and cheese croissant, baked beans, fruit and milk

W: grilled cheese, cucumbers, fruit and milk

Th: soybutter and jelly sandwich, salad, fruit and milk

F: cheeseburger, grape tomatoes, fruit and milk

Dates to Remember:

2/15 President's Day, no school

3/15-3/19 Spring Break

Call, text, email or Remind if you have questions or concerns. Have a great weekend!
