

# Pre-K Post

December 13, 2024

---

We have had a busy week. We missed Mrs. Davis; she has been home sick most of the week. We look forward to her return on Monday.

This week, we combined our small groups and worked on geo board shapes, writing letters in shaving cream and learning about non-living and living things. We learned that living things eat, drink, breath and reproduce or in pre-k terms have babies. We learned that even trees and plants can make baby trees and plants. We did a lot of paper activities that required our scissor skills and reinforced what we have been learning. We read several great books: *When the Monkeys Came Back*, *Growing Trees*, *Pablo's Tree* and *Trees, Trees, Trees*. I also told the story, *A Bundle of Sticks*. It is a great story about cooperation, our December character trait. Our emotion this week was happiness.

Next week, we will have our holiday party on Thursday, December 19th. If you would like to contribute, we will need the following items for 13 students:

- Juice boxes
- A dessert (cupcakes or cookies)
- Fruit
- Carrot sticks
- Pizza contributions for 2 cheese and 1 pepperoni. Approximately \$40

If you would like to send something, please e-mail me at [norvellc@leonschools.net](mailto:norvellc@leonschools.net) with what you'd like to contribute or let me know when I see you.

Thank you for your support.

## Menu:

M: chicken sandwich, tater tots, fruit and milk

T: nachos, salad, fruit and milk

W: yogurt, cheese, salad, fruit and milk

TH: Pizza Party

F: chicken nuggets, mac and cheese, broccoli, fruit and milk
