Cafeteria Behavior Plan

The adults that supervise the lunchroom will monitor cafeteria behavior. Classes will have the opportunity to earn *Golden Eagles* for their positive behaviors displayed during lunchtime. The class in each grade level that earns the most *Golden Eagles* in a 9-week period will receive a classroom treat.

Students in grades 2-5 will eat their lunches and be required to read for the duration of their lunch period. At the end of each week, a reading activity (reader's theater, *Café OR*, Audio Books, etc.) will occur in the cafeteria to promote fun and exciting adventures in reading.
