## 2021 SCHOLARSHIP APPLICATION PACKET

The Tallahassee Builders Association (TBA) is a 501(c)6, non-profit organization. The TBA mission is to provide leadership and professionalism within the building industry through education, advocacy and community involvement.

TBA established this scholarship in memory of Preston Gage Pitman, the son of TBA Builder Member Page Pitman, to assist our youth in focusing on a career in construction. The TBA has worked with local officials within our affiliation territory (Leon, Jefferson, Liberty, Gadsden and Wakulla Counties) to bring notice for the pressing need for a better educated and trained construction industry workforce. Through our partnership with the Future Builders of America, whose mission is to engage in construction-related educational activities that help young people understand and pursue rewarding careers in the construction industry, the TBA has opened a chapter at Gadsden Technical Institute, and have plans to open a chapter in each county represented.

Scholarship applications are available to students at any of our county High Schools and Technical Centers beginning in January of each year. Awards should be available in April and will be paid directly to the educational institution.

Applicants should be students in good standing at an area secondary education program or post-secondary education (community colleges) or trades program and recommended by their instructors with a strong interest in the construction industry or related trades who desire to pursue higher education opportunities but lack financial resources. An applicant should demonstrate an interest in obtaining employment in the construction industry upon graduation.

Applicants must live in or attend school in either Leon, Liberty, Gadsden, Wakulla or Jefferson counties in order to apply. They must be pursuing fields of real estate development and construction, including air conditioning, plumbing, and heating technology, electrical, carpentry, design-build, construction materials handling, job site supervision, estimating, construction planning, surveying, construction information management, business management, construction management or technology or technology and CAD drafting. For more information or to apply, please visit the scholarship provider's website at [www.tallyba.com](http://www.tallyba.com).
