Define your own success and prepare for thousands of local skilled job openings

The Leon Works Junior Apprenticeship Program is an opportunity for Leon County high school juniors and seniors to prepare for a skilled career – those jobs requiring more than a high school diploma, but less than a four-year degree.

By 2024, over 26,000 skilled jobs will be available in the Leon County area. To prepare students to fill these jobs, Leon County Government is partnering with CareerSource Capital Region and Leon County Schools to provide job readiness training and work experience!

For one semester, selected students will work in a Leon County department as a Junior Apprentice shadowing and assisting County staff in a skilled career field. In addition to gaining valuable work experience and training, Junior Apprentices earn an hourly salary and elective credit toward their high school diploma.

Apply now if you're interested in a future career in...

- Automotive Services
- Computer Aided Drafting (CAD)
- Construction Management & Engineering
- Graphic Design
- Information Technology
- Emergency Medical Services (EMS)
- Web Development & Design
- And more!

Visit **www.LeonWorksJrApprentice.org** to apply for a Junior Apprenticeship position with Leon County.
