Ever wondered what SSYRA stands for? The Sunshine State Young Readers Award is a highly praised award system, designed to encourage young readers to keep reading. It is a chance for avid readers to enjoy what they are doing with positive support from teachers and the county. In addition to the enjoyment of reading, there are added rewards for reading SSYRA books each year. Some prizes include a pencil and eraser, a Chromebook sticker, a free book, or something from the school store. What’s more, if you read 15 books, you can get a cup for your first time, a T-shirt for your second, and a \$20 gift card to a bookstore if you read 15 books 3 times!

Volleyball wins championship!

By: Carson Rennels

The MMS 2021 Volleyball team showed nothing but excellence on the court this season. Exhibiting true skill and expertise, they stormed through the season to be crowned county champs. When asked about her favorite part of the season, 8th grader Mackenzie Poppell said, “I liked the people I got to know, and the

competitiveness of the games and the coaches.” Defeating every opponent in the regular season with ease, the pressure of the playoffs was still no match for our Lady Mustangs, who beat Deerlake in the championship three sets to none. We are so proud of our 2021 Montford Volleyball Team, who showed mastery in what they did both on and off the court this season.

Hello future chefs of Montford! Have you ever wondered what our 6th graders do in agriculture? The class includes activities such as gardening, taking care of chickens, and, you guessed it, cooking! In a recent visit to Ms. Fain’s agriculture class, some of the students were making Bok Choy Tofu Stir-fry. Bok Choy Tofu Stir-fry originated from China; it is a delicious and healthy meal that features the Chinese vegetable- Bok Choy, added to Tofu, and soy sauce for extra flavor. Want to try it at home?
