MY RESOURCES:

There be three tiles showing: Student Online Addition, Student Edition and Resources, and MyNotebook.

STUDENT ONLINE EDITION

Clicking on this tile will provide the exact classroom text.

You can chose the page number at the top of the page (GO TO PAGE).

You can print any page in the text by clicking on the more button on the left column and clicking print. Chose individual page or section of text.

Personal Math Trainer – Clicking on the Personal Math Trainer Icon will give you questions and examples of the specific lessons’ Math questions for practice. In addition, you can watch a tutorial video specific to the questions and use a step-by-step organizer to help answer the questions.

Math on the Spot – Tutorial Videos providing step-by-step instructions of the math concepts covered in each example.

Animated Math – Lets you interactively explore and practice key math concepts and skills.

STUDENT EDITION AND RESOURCES

Additional worksheets and material for student practice.

MY ASSIGNMENTS:

This is the class assignment page (HOMEWORK). Online class assignments will be posted here. The tile will show what class the assignment is for, when it was assigned, and when it is due.

The assignments allow for immediate feedback if correct or incorrect. Students can try again if they are incorrect and will receive credit if they get the correct answer. The student response is only counted wrong, if they never get the correct answer. They have multiple attempts.

Students must click the “Submit Button” when completed to receive credit. The student’s grade will appear under the “MY PROGRESS REPORT”, for the assignment. It may take a few minutes for the grade to appear, you may have to hit the refresh button for the site. If the grade never appears, the student probably didn’t hit the submit button.

****All assignments available online will also be available in a paper version from the text. I prefer student do the online assignment because of the availability of resources provided with each question, i.e. Video example, Step-by Step organizer, and Video Tutor.***
