Buck Lake has a tradition of excellence and community that is unparalleled. We are so proud of accomplishments and so excited about our future! We are able to provide high quality learning in an enriching, caring environment due to the high quality teachers and staff, motivated and talented students, and caring supportive families.

At Buck Lake Elementary, we focus on high standards using research-based programs in the core curriculum areas. In addition, we have an exceptional media, guidance, art, music, and PE program for all grade levels. It is our goal to meet the needs of every child on our campus and to foster life-long learners through our home-school relationship.

We encourage your participation and input with regard to our continuing school improvement efforts through our PTO, SAC, and volunteer opportunities. Our united effort will ensure continuous improvement and high achievement for our students. Thank you for your support!

Sincerely,

William A. Millard
