HEALTH SCREENINGS

→ Last Name, First Name
For Office Use Only

The Leon County Health Department and Leon County Public Schools coordinate annually to provide state mandated health screenings for students in Leon County Schools. Health screenings may help identify the need for further evaluation. Florida law requires that parents be informed in writing at the beginning of each school year that children will receive such services. **This serves as that notification.**

If no box is checked, your child will be screened.

HEALTH SCREENING DESCRIPTIONS

Vision and Hearing: Identifies possible vision and hearing problems using a standardized procedure.
Scoliosis: Observes for possible abnormal curvature of the spine while wearing everyday clothing.
Body Mass Index: Measures height and weight to calculate Body Mass Index (BMI) while wearing normal clothing without shoes.
The BMI calculation tells us if a child is in the normal range for height and weight, or is outside the norm and has increased potential to develop certain chronic diseases during childhood or adulthood.

HEALTH SCREENING TYPE	GRADE(S)
Vision	Grades K, 1, 3 & 6
Hearing	Grades K, 1 & 6
Scoliosis (Abnormal curvature of the spine)	Grades 6
Body Mass Index (Height and Weight)	Grades 1, 3 & 6

I **do not** want my child to participate in the following health screenings (check all that apply):

- ❒ Vision Screening
- ❒ Hearing Screening
- ❒ Scoliosis Screening
- ❒ Body Mass Index
