#### **Concussion Information**

Concussion is a brain injury. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, a blow or jolt to the head, or by a blow to another part of the body with force transmitted to the head. You can't see a concussion, and more than 90% of all concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious and, if not managed properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical professional and cleared by a medical doctor.

### Signs and Symptoms of a Concussion:

Concussion symptoms may appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms to resolve and, in rare cases or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)

- · Vacant stare or seeing stars
- · Lack of awareness of surroundings
- Emotions out of proportion to circumstances (inappropriate crying or anger)
- · Headache or persistent headache, nausea, vomiting
- Altered vision
- · Sensitivity to light or noise
- Delayed verbal and motor responses
- Disorientation, slurred or incoherent speech
- Dizziness, including light-headedness, vertigo(spinning) or loss of equilibrium (being off balance or swimming sensation)
- Decreased coordination, reaction time
- · Confusion and inability to focus attention
- · Memory loss
- Sudden change in academic performance or drop in grades
- Irritability, depression, anxiety, sleep disturbances, easy fatigability
- In rare cases, loss of consciousness

#### **DANGERS** if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

### Steps to take if you suspect your child has suffered a concussion:

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate health-care professional (AHCP). In Florida, an appropriate health-care professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes), a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

### Return to play or practice:

Following physician evaluation, the *return to activity process* requires the athlete to be completely symptom free, after which time they would complete a step-wise protocol under the supervision of a licensed athletic trainer, coach or medical professional and then, receive written medical clearance of an AHCP.

For current and up-to-date information on concussions, visit http://www.cdc.gov/concussioninyouthsports/ or http://www.seeingstarsfoundation.org

#### **Statement of Student Athlete Responsibility**

Parents and students should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on autopsy (known as Chronic Traumatic Encephalopathy (CTE)). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotropic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport including any signs and symptoms of CONCUSSION. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers of participation for myself and that of my child/ward.

## **Sportsmanship Statement/Expectations**

Leon High School believes in good sportsmanship and fair play. We encourage all coaches, players, and fans to display good sportsmanship and a positive attitude before, during, and after all contests. We expect our students to have a positive attitude, give their best at all times and respect their opponents, fans, officials, coaches and teammates.

The FHSAA has a strong policy regarding sportsmanship, behavior and attitude. Parents and students need to understand that there can be severe penalties for unsportsmanlike conduct. Any athletes or coaches ejected from any contest will be suspended for a period of time determined by the FHSAA. The FHSAA may also assess a monetary fine. These penalties can drastically affect a student's eligibility, depending on its severity. Leon High School has adopted the policy that any coach or athlete ejected from a game must meet with the coaches and athletic director following the ejection to discuss the situation and circumstances. It is possible that Leon High School may add to the suspension period as set by the FHSAA or may possibly remove that person from the team. If a fine is levied by the FHSAA, it may be the responsibility of the athlete to pay the fine. In accordance with the FHSAA Policies, appeals or reconsideration of penalties may be forwarded through the school, but must occur within seven days of the penalty assessment.

Leon High School has a long tradition of excellence on and off the field. We need the continued support of students, parents, and faculty to ensure that tradition continues.

**Expectations for Players** - listen and be coachable, follow instructions, respect adult authority, get along with your teammates, have high energy, respect your opponents and game officials, be prepared for practice and games, show dignity in defeat and class in victory, handle disappointment and adversity appropriately and respect facilities and equipment. **Expectations for Parents** – support and have your child ready to participate, support our coaches and our program, voice concerns appropriately and through the chain of command, praise and compliment rather than criticize, model appropriate behavior at all athletic functions, respect game officials, encourage the player-coach relationship and emphasize effort and positive attitudes with our kids. **Expectations for the Coaches** – teach kids skills, praise and compliment appropriately, correct misbehavior, be organized, have high positive energy, model, communicate with parents, understand the big picture.

I have read the statement regarding good sportsmanship and fair play. I understand the expectations set forth by the FHSAA and Leon High School. I agree to show good sportsmanship before, during, and after all contests.
