

4th Math Grade

5/4 – 5/8 (due 5/8)

Here will find assignments for students who are working online or in their text books. Be sure to only complete one or the other! Otherwise, you'll do it TWICE!

CHOOSE ONLY ONE PATH – All online or all on paper.

ONLINE STUDENTS

iReady **Math: Teacher Assigned**

Assignments

1. Practice: Convert Customary Units of Length
2. Practice: Convert Metric Units of Mass
3. Practice: Convert Customary Units of Weight

Don't stop now! Bust out that pencil and paper and SOLVE. No guessing!

PAPER STUDENTS

Go Math Book

There are also Extra Help videos you can access with parent permission for each lesson. They can be watched on a phone! It's best to watch them first.

Assignments

1. Lesson 12.4 Customary Units of Liquid Volume

Fat Book: pgs 458 – 460

(Tip: page 459 has a helpful chart at the top right.)

Extra Help:

Brain Buster!

We challenge you to try this one!

Bodiford is selecting floor tiles for a room in her house. No tiles will be put down in the closets. Each tile is 1 foot square and costs \$0.60. All the sides of the square tiles will touch side by side.

How much will all the tiles cost if there are no tiles left over?

Extra! Extra!

Here's a math game you can play at home!

CONCENTRATION

Deck of cards

2 Players

- Turn all cards face down and arrange in a rectangle on the table or floor.
- Each player turns over two cards to try to make a match! If you make a match, you keep both cards and get to go again!
- If there is no match, flip the cards back over and remember where those cards are!
- The next player takes a turn.
- Play until there are no more cards.
- Player with the most cards collected wins!
