

Promotion Requirements Check

Students are still responsible for earning all of their quality points in each class, even through distance learning. To fill out this form, check your FOCUS and fill in your grades for each quarter. Then go back and calculate the number of quality points in each class to determine whether you are on track for promotion, or you've got some work to do. If you have questions please feel free to contact me and I will answer them for you!

Quality Point Calculations

A = 4 B = 3 C = 2 D = 1 F = 0

Students must earn a minimum of four quality points in each class.

**At least one quality point must be earned in each class in the second semester. If you do not have at least a "1" in every class in this column, you must earn at least a D in that class in the fourth quarter, even if you already earned four quality points in quarters one and two combined.
