January 17, 2020,

I would like to welcome you to Amos P. Godby High School – Home of the Cougars!

Located on the west side of the Capital City, Godby High School continues its rich and storied tradition of excellence in academics and extra-curricular activities. Godby offers so much to students in the form of on and off campus dual enrollment courses. We are extremely proud of our partnership with Tallahassee Community College and Embry Riddle Aeronautical University. Career Technical Education (CTE) is serving our students well. CTE courses are designed so that students can earn industry level certification, which could mean immediate employability in the area of focus. There are also an array of opportunities for success in the arts and athletics.

The goal at Godby High School is very simple. We support our students as they work to expand their learning in areas of core curriculum, technology, world language, and performing arts. We pour into our students by exposing them to a balanced curriculum. Teachers are positioned to engage and genuinely support them so that a well-educated and well-rounded student is the byproduct. A very challenging world awaits our graduates. Through the preparation they receive in our learning community, we feel our students will be well prepared. Welcome to Amos P. Godby High School.

Sincerely,

Desmond Cole
