

Tallahassee Area Coalition Center of Excellence, National Achievers Society Applauds Sha'Rhonda Brown at Black History Program February 21, 2017

Face book Post Dr. James

- Words cannot truly express my feelings at this time. I do believe however, that often times, God is preparing us for an elevation and we don't realize it; as we are caught up in being a blessing to others while serving him. He sees and knows everything we do. I have been blessed to have had your love, compassion and commitment joined with mine, as we worked "together" for the betterment of our kids in the COE/NAS families for over 10 years. In other words, "God blessed our union" and now we must part as he elevates you to a higher calling. You have been in so many ways, like one of my daughters and I thank God for allowing our paths to cross. I know he will continue to bless you as you continue to keep him as the head of your life just as you do already. Finally, I know that He has not brought me this far to leave me. The parents of the COE Family and supporters, in spite of any interference, we will keep this program moving forward for the betterment of "our kids"! Thank you to Superintendent Hanna for recognizing the skills and expertise that Sha'Rhonda possesses; she is EXCELLENT!
- Thank you Sha'Rhonda, for your dedication and commitment to this cause!

Face book Post Ms. Sha'Rhonda

- I want to take the time to thank the Tallahassee Area Coalition Center of Excellence, National Achievers and Believers Society for the love shown during the Annual Black History Program and Dinner. For those who didn't know for the past 10 years I have worked with some very smart and talent young people. 1/2 of my job at LCS was being the NAS Coordinator. During this time I have met some wonderful people, built some lasting relationships and been a part of many lives.
- The love shown by the achievers, parents, coach and our Director Dr. Malinda James was overwhelming. By the time my daughter (who showed up tonight from Valdosta) spoke I was done, the tears wouldn't stop flowing. For all of those who made tonight possible, "Thank You". It is truly a blessing to receive your flowers while you can smell them.
- I love all of my TACCOE-NAS Family and COE friends in other Florida cities so much, the children are my inspiration.
- Oh yeah, they were honoring me because in the words of Dr. Malinda James, "What had happened was the Superintendent stole her away from me and TACCOE-NAS."
- The measure of wealth is different for each of us, I consider myself among the wealthiest for having known each member of the TACCOE National Achievers and Believers Societies.
- Thanks so much to my daughter, parents, brother, uncle and Superintendent for being there to support me. (I think they all knew)
