A personalized approach for Florida

Professional Learning for Florida Science

Support Your Implementation with Impactful, Personalized Professional Learning

Savvas Learning Company's approach to professional learning includes more choices, more depth, and more focus on your instructional needs. Our comprehensive training is a blueprint for success with your Savvas Florida Science curriculum and inspires transformative teaching. Savvas experts work with you to create a plan that's right for your needs. Our services are available virtually, onsite, and in blended formats.

Expert Support You Can Tap Into from Anywhere

Savvas provides a continuum of choices to personalize your professional learning experience, including virtual training, self-paced modules, in-person (onsite) training, job-embedded coaching, and a 24/7 training website.

Launching Your Florida Curriculum

Focus on content, pedagogy, and essential practices for your Savvas Florida curriculum.

Ongoing Support for Florida Educators

Ongoing learning is about targeting topics and educator skills:

For Teachers: Enhance instructional practices to improve student outcomes and build capacity.

For Leaders: Discover opportunities within core challenges of teaching and learning to lead high-performing instruction.

Going Deeper with Florida Science

After **Program Activation** and once teachers have had some experience using their Savvas program with students, we recommend **Implementation Essentials** for more intense training on the components, features, and pedagogy. This workshop also introduces tools to help teachers examine the cause-and-effect relationship between instructional strategies and student outcomes. School and district leaders participating in an **Administrator Workshop** receive an essential overview of their Savvas program and the Realize digital platform. Additional program **Professional Development Workshops**, covering topics such as Inquiry-based Learning, Differentiation, and Assessment, dive deeper into high impact strategies and how they are embedded in their new curriculum. **Job-embedded Services** are recommended to help educators internalize their learning through practice.

Pathways for Professional Excellence

Our professional learning services for Florida teachers and leaders provide flexibility with onsite, virtual, and blended options.

Launching Your Florida Curriculum

Program Activation

We reinvented initial training to better serve you. Virtual self-paced and hybrid instructor-led courses provide flexibility and depth to engage Florida educators with content anytime:

- Flexible, convenient pacing
- More depth and more breadth
- Easy scalability and delivery
- Live chat and expert support
- Boost retention and engagement
- Monitor progress, ensure accountability

My Savvas Training

24/7 online, program-specific training resources, videos, asynchronous courses, and tutorials include real-time assistance.

Administrator Workshop

3-hour training for busy leaders to help them successfully launch their Savvas curriculum.

Ongoing Support for Florida Educators

Implementation Essentials

Our Implementation Essentials workshop moves educators to a deeper level of confidence with their Savvas Florida curriculum.

Additional Workshops

Go beyond initial training to focus on key topics such as differentiating instruction and assessing for science learning.

Job-Embedded Training

Savvas coaches provide feedback, modeling, and collaboration in day-to-day teaching practices.

- Tailored to educator needs
- Mentoring and feedback
- Focus visits
- Expands content knowledge and strategy toolkit
- Can focus on teachers and/or instructional leadership

Professional Learning with a Powerful Platform

Our professional learning workshops and training invite educators to explore the content and assessments aligned to Florida's Academic Standards for Science, as well as the digital tools of your new Savvas curriculum. We'll take a deep dive into award-winning Savvas Realize®, the education industry's most versatile LMS. Realize lets you customize, edit, and rearrange Florida Science content. It offers a streamlined interface with faster workflows and easier access to everything.

Designed with You in Mind

Realize is designed around how you, the teacher, work and manage class on a daily basis. It integrates with popular digital learning tools you may already use like Google Drive™ and OneDrive™. Realize works seamlessly with all 1EDTECH Certified LMS, such as Canvas®, Schoology®, and Google Classroom, as well as your IMS-compliant school information system (SIS).

My Savvas Training

A Full-Service Training Website with Innovative and Effective Live and On-Demand Resources

You choose the topics, training materials, and tutorials. My Savvas Training is a convenient, full-service professional learning website for all Savvas Florida educators. It provides high-quality, program-focused training where and when you need it.

On-demand Training 24/7

My Savvas Training is available 24/7 to meet your needs and schedule. Get free access to product training, teaching ideas, resources, and more. Check it out: mySavvasTraining.com

On-Demand Tutorials

Get product training on Savvas curriculum and the Savvas Realize® digital platform.

Training Resources

Access user guides, training guides, implementation ideas, helpful tips, and more.

Virtual Workshops

Focus on topics such as problem-based learning and primary source analysis to improve practices.

Transcript Tracking

Keep organized and on track with your completed training and professional learning tracks.

Ongoing Support

Connect with a training specialist to quickly answer questions about your Savvas program.

Sample Professional Learning Plan

Timeline	Audience	Duration	Professional Learning Focus
Lifetime of the Adoption	Teachers, coaches, district leadership, school administrators	Self-paced	On-Demand Training For additional support, district/school educators can access free training resources on mySavvasTraining.com, an online resource that provides live and recorded webinar training, online tutorials, and directions for download that support the program.
Back to School		Self-paced (hybrid option available*, live in-person option available)	Asynchronous Program Activation Asynchronous Program Activation, included with the purchase of your core Savvas curricular program, provides educators with the critical program components they need to get started on the first day of school.
Back to School	District and school administrators	up to 3 hours	Administrator Workshop This half-day session provides administrators with an essential overview of the program.
September	District leadership	up to 1-2 days	Needs Assessment and Planning for Professional Learning At this time, we may meet with district leadership to review survey data, student work, student performance on assessments, etc., and use these data points to flesh out a Professional Learning Plan with clear outcomes and milestones.
October	Teachers, coaches, specialists	up to 3 hours virtual (or 6 hour in-person)	Implementation Essentials This workshop moves teachers beyond Program Activation and guides the integration of essential components of the program, as well as the implementation of best practices into the teaching and learning cycle.

*Hybrid Program Activation

- All the advantages of Asynchronous Program Activation, plus time with a live consultant (up to 2-hour synchronous live session and access to asynchronous web-based course for anytime, on-your-time learning.)
- Participants experience a lesson, explore differentiated instruction strategies and how they apply to all students, and receive an overview of program assessments. Their hands-on navigation of the program's print and digital resources is supported by a Savvas expert.

Timeline	Audience	Duration	Professional Learning Focus
Late Fall-Spring	Teachers, coaches, specialists	Duration and cohort size vary	Professional Learning Workshops Educational Consultants will provide in-depth exploration of a select topic area focused on high impact strategies within the curriculum program. Educators will leave each session reflecting on their practices and with next steps on best instructional practices for their students.
Late Fall-Spring	Teachers, coaches, specialists	Duration and cohort size vary	Job-Embedded Support for Teachers Option 1: Personalized Coaching Coaching and modeling focused on using the program effectively and reinforcing the learning from Program Activation and the Implementation Essentials Workshop Option 2: Lead Teachers/Learning Lab Schools Cohort of lead/lab teachers across grade levels meets at a school to learn about a Focus Area, exploring it in the curriculum and observing it in the classroom.
Fall-Spring	School administrators	up to 3-hour session semesterly per school	Setting the Stage for Efficacy: Focus Visits Our work with school leaders/leadership teams typically includes Focus Visits, with norm expectations for how a targeted area looks and sounds in daily student learning while helping leaders determine ways to support teachers.
Fall-Spring	District leadership	up to 2-3 hour meeting or ½ day; semesterly	District Leadership—Progress Monitoring Meet to participate in a Focus Visit, review recent evidence of implementation progress, and adjust the Professional Learning Plan as needed.

“ This professional learning had great scenarios and interactive activities to check and apply knowledge. These were helpful to me because they forced me to slow down, think about what I was listening to, and actively engage in the course. Thank you!”

Professional Growth to Impact Florida Teaching and Learning

- Personalized Florida Solutions
- Virtual, Hybrid, In-Person Models
- Progress Monitoring
- Training Website 24/7
