

Designed for the rigor and depth demanded by the Florida State Academic Standards for Science and based on the 5E instructional model, STEMScopes Florida transforms and re-energizes science classrooms through hands-on, research-based strategies and literacy-integrated experiences. Our K-12 Scopes and resources are designed to engage and motivate young learners, set the groundwork for optimal growth and proficiency in future grades, and foster a lifelong passion for science. Browse all of our STEMScopes Florida digital, print, kit, and bundle solutions here.

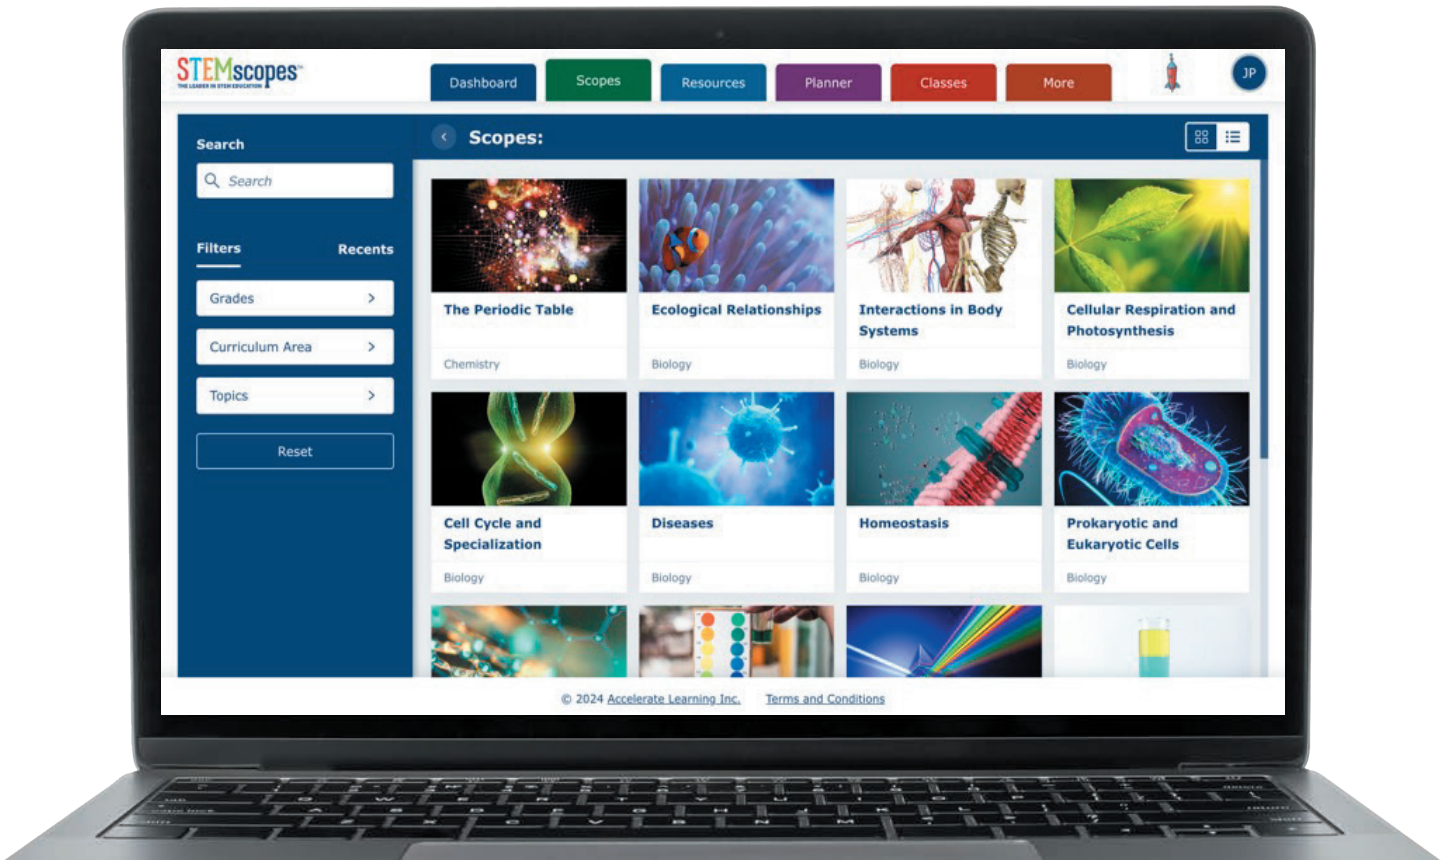

Digital

Our robust digital platform offers an engaging, comprehensive approach to science education, with fascinating phenomena and intentional instructional supports embedded throughout. Teachers can access all the tools they need for impactful science instruction, while students can easily explore their lessons and complete assignments.

Our student platform is available in English and Spanish.

Pricing: Prices are per student, per year, for any grade (K-12); purchase must be for a grade level’s full enrollment. Teacher subscriptions are included.

SUBSCRIPTION	PRICING
1 Year Subscription	\$10.85
5 Year Subscription	\$9.85

Print: K-2 Resources

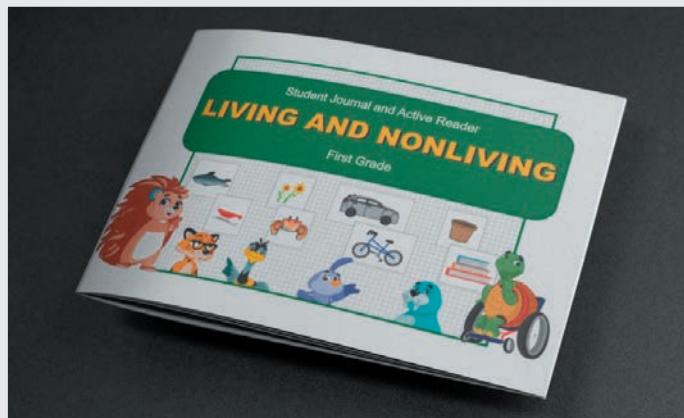

Student Notebook (set)

Each K-2 Student Notebook set is comprised of one consumable Student Notebook per Scope in that grade level. Student Notebooks are full color and contain essential activities for the lessons in the Scope, including an Interactive Student Notebook (ISN) and the Active Reader. Students can record their observations and learning in the ISN, and the Active Reader section delivers science content to young learners in a fun and engaging way.

Available in English and Spanish.

Packaging: Grouped and shrink-wrapped by student set.

Pricing: All prices are per student.

GRADE	PRICING
Kindergarten	\$17.25
Grade 1	\$19.40
Grade 2	\$21.55

Science Readers with Lexile® Measures

Students practice essential reading skills and build scientific understanding through nonfiction, fiction, realistic fiction, and folktale texts. These are organized by overarching topics that cover all the science content in each grade level. Teacher Cards will be available for each title. These will highlight important vocabulary in each title as well as comprehension and questioning strategies.

Available in English and Spanish.

Packaging: Boxed sets with cards by grade level. Packaging designed to double as classroom storage.

- Kindergarten: 28 Unique Titles, 6 copies of each title
- 1st Grade: 42 unique titles, 6 copies of each title
- 2nd Grade: 21 unique titles, 6 copies of each title

Pricing: All prices are per grade level set.

GRADE	PRICING
Kindergarten	\$817.55
Grade 1	\$1,224.70
Grade 2	\$646.90

Print: K-2 Resources

Interactive Story Cards

Engage students in scientific inquiry with an exciting and memorable story that follows characters on a quest to answer scientific questions. Interactive Story Cards are printed in full color.

Available in English and Spanish.

Pricing: All prices are per teacher set.

GRADE	PRICING
Kindergarten	\$73.40
Grade 1	\$156.55
Grade 2	\$43.75

Read Alouds

Support foundational literacy skills using lively narratives that help students reinforce their understanding of science concepts in grade-appropriate contexts. Read Alouds are printed in full color.

Available in English and Spanish.

Packaging: One per Scope, sold and shrink-wrapped by teacher set.

- Kindergarten: 9
- Grade 1: 12
- Grade 2: 13

Pricing: All prices are per teacher set.

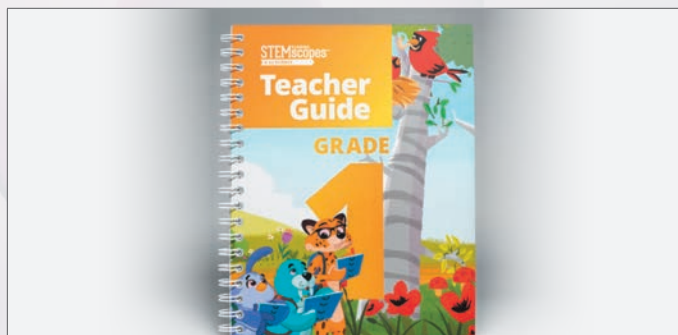

GRADE	PRICING
